Independent Auditors' Report

The Members of the Board
The Estate of Stephen Girard, Deceased:

Opinion

We have audited the financial statements of the Estate of Stephen Girard, Deceased (the Estate) as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Estate's basic financial statements for the years then ended as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the fiduciary net position of the Estate as of June 30, 2023 and 2022, and the changes in fiduciary net position for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Estate and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Estate's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Estate's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Estate's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis and the required supplementary information in schedules 1 through 4 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

THE ESTATE OF STEPHEN GIRARD, DECEASED

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022

The following discussion and analysis of the Estate of Stephen Girard, Deceased (the Estate) provides an overview of the financial activities of the Estate for the years ended June 30, 2023 and 2022, with comparative information presented as of and for the year ended June 30, 2021.

The information contained within this Management's Discussion and Analysis is only a component of the entire financial statement report. Readers should take time to read and evaluate all sections of the report, including the notes to the basic financial statements that are provided in addition to this Management's Discussion and Analysis. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

Upon his death in 1831, Stephen Girard bequeathed cash and real estate to the City of Philadelphia for the primary purpose of establishing a boarding school for orphans (Girard College). Girard College, in continuous operation since 1848, is now a full scholarship boarding school for grades 1 through 12 situated on a 43-acre campus in Philadelphia for academically capable students from qualified families of limited financial resources, which is overseen by the Board of Directors of City Trusts (the Board). The Estate comprises personal property and real estate, principally acquired properties and improvements thereto in Philadelphia and throughout the Commonwealth of Pennsylvania (the Commonwealth) and anthracite coal lands in Schuylkill, Columbia, and Northumberland counties in the Commonwealth in the general vicinity of Girardville, Pennsylvania. The primary operations of the Estate include the funding and operation of Girard College. The funding is derived primarily from the Estate's investment portfolio, real estate assets, and anthracite coal assets.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction into the Estate's basic financial statements. The Estate is considered a fiduciary fund in accordance with governmental accounting standards. Fiduciary funds are used to account for resources held for the benefit of parties outside a government. The Estate's basic financial statements comprise the statements of fiduciary net position, statements of changes in fiduciary net position, and notes to the financial statements.

Statements of Fiduciary Net Position

These statements are used to account for resources held in a trustee or agency capacity for others and are not available for the support of any government programs. These statements present the total assets held, less any liabilities to report the net position held in trust for the Estate. Investments and the interest rate swap are shown at fair value and all other assets and liabilities are determined on an accrual basis.

Statements of Changes in Fiduciary Net Position

These statements present the results of activities during the year. Activities include additions of contributions to Girard College, lease income and other real estate activity, investment income, net appreciation of investments, and deductions, including expenses for Girard College, real estate activity expenses, and administrative expenses to determine the change in net position for each year.

Notes to the Financial Statements

The notes to the financial statements are an integral part of the financial statements providing additional detail that is essential to a full understanding of the financial statements.

THE ESTATE OF STEPHEN GIRARD, DECEASED

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022

Financial Highlights

The Estate's net position increased approximately \$23 million (5%) in 2023 compared to a decrease of approximately \$18 million (4%) in fiscal year 2022. The change year over year is primarily due to changes in investment performance as a result of market conditions. Net investment income (loss) for the year ended June 30, 2023 was approximately \$47 million compared to approximately (\$360) thousand for the prior fiscal year.

In fiscal year 2022 the Estate's net position decreased approximately \$18 million (4%) compared to an increase of approximately \$93.1 million in fiscal year 2021. The change year over year is primarily due to changes in investment performance as a result of market conditions. Net investment income (loss) for the year ended June 30, 2022 was approximately (\$360) thousand compared to approximately \$111 million for the prior fiscal year.

Condensed Financial Information

The following schedule is a summary of the June 30, 2023 and 2022 statements of fiduciary net position with comparative information as of June 30, 2021.

Fiduciary Net Position

	2023	2022	2021
Assets:			
Cash and cash equivalents	\$ 2,803	2,772	2,874

Other liabilities	2,690	2,370	2,161
Long-term debt	110,769	113,213	114,200
Total liabilities	139,229	146,861	156,490
Deferred inflows of resources	162,843	179,824	188,293
Net position restricted	\$ 463,250	440,565	458,579

The Estate's investments are primarily invested in the Collective Legal Investment Fund (CLIF) and various real estate investments.

THE ESTATE OF STEPHEN GIRARD, DECEASED

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022

The CLIF is a pooled investment fund created for the collective investments managed by the Board. The CLIF is a balanced portfolio primarily comprising equity securities, fixed income funds, short-term investments, and alternative investments held in private equity investments. The real estate investments represent limited partnership interests in real estate assets. The Estate has no authority to operate or govern the assets of these investments, it is not the guarantor of any debt obligations, and does not have an ongoing financial responsibility. The Estate is entitled to preferred cumulative dividends and/or operational cash flow from net operating income.

The Estate's investments are reported at fair value and for the year ended June 30, 2023 increased by approximately \$8 million primarily due to favorable market conditions during the year. During the year ended June 30, 2023 the Estate earned approximately \$17.4 million in investment income and approximately \$24.1 million in net appreciation in fair value of investments. During 2023, the sale of certain real estate investment holdings offset the impact of net investment income.

In fiscal year 2022 the Estate's investments decreased by approximately \$34 million primarily due to the sale of several real estate ventures during the year. During the year ended June 30, 2022 the Estate earned approximately \$15 million in investment income which was offset by approximately \$25 million in net depreciation in fair value of investments.

For the years ended June 30, 2023 and 2022 lease receivable decreased by approximately \$7.6 million and \$6.5 million, respectively, as a result of receiving one year of lease payments.

The net pension asset is measured as of December 31, 2022 and December 31, 2021 and rolled forward to June 30, 2023 and 2022 respectively. The various stock market indices performance had a direct impact on the Plans' investments, which decreased by approximately \$9.4 million and increased by \$7.5 million, respectively.

The fair value of the interest rate swap liability decreased by approximately \$4.4 million and \$9.3 million, respectively, due to the changes in interest rates and market conditions.

In fiscal year 2023 deferred outflows increased by approximately \$5.7 million primarily due to the change in the difference between projected and actual earnings on pension plan investments. In fiscal year 2022 deferred outflows remained flat compared to fiscal year 2021.

In fiscal year 2023 deferred inflows of resources decreased by approximately \$16.9 million due to recognition of \$10.7 million of lease income and a decrease of \$6.3 million for the change in the difference between projected and actual earnings on pension plan investments.

In fiscal year 2022 deferred inflows of resources decreased by approximately \$10.8 million due to recognition of \$11.3 million of lease income offset by an increase of \$500 thousand for the change in the difference between projected and actual earnings on pension plan investments.

The following schedule is a summary of the statements of changes in fiduciary net position for the years ended June 30, 2023 and 2022 with comparative information for the year ended June 30, 2021.

THE ESTATE OF STEPHEN GIRARD, DECEASED

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022

Changes in Fiduciary Net Position

	2023	2022	2021
Additions:			
Contributions to Girard College	\$ 1,074	1,797	1,256
Lease income	23,806	23,169	22,378
Net investment income (loss)	46,782	(360)	111,040
Other	3,679	2,657	2,434
Total additions	75,341	27,263	137,108
Deductions:			
Girard College	25,867	19,717	18,867
Real estate	18,897	18,439	17,835
Administrative and other	1,489	1,086	989
Interest	6,403	6,035	6,297
Total deductions	52,656	45,277	43,988
Change in net position	\$ 22,685	(18,014)	93,120

The Estate leases its properties to various tenants with various expiration dates through fiscal year 2036 and with monthly lease income ranging from \$125 per month to \$330 thousand per month. None of the leases allow a lessee to terminate the lease or abate payments. Lease income has remained relatively flat year over year.

For the years ended June 30, 2023 and 2022 net investment income (loss) totaled approximately \$46.8 million compared to net investment loss of approximately (\$360) thousand, respectively. The change of approximately \$47 million was primarily due to positive investment performance and market conditions for the Estate's investments for the year ended June 30, 2023.

For the years ended June 30, 2022 and 2021 net investment income (loss) totaled approximately (\$360) thousand and \$111 million, respectively. The change of approximately \$111 million was primarily due to a reversal of unrealized gains on the Estate's investments for the year ended June 30, 2021 offset by an increase in the change in fair value of the interest rate swap due to changes in interest rates and gains from the change in fair value of the real estate investments.

For the year ended June 30, 2023 the expenses for Girard College increased approximately 31% or \$6.2 million, due to increases in salaries and personnel related costs.

For the year ended June 30, 2022 the expenses for Girard College increased 4%, or \$850 thousand, due to increases in contract services.

THE ESTATE OF STEPHEN GIRARD, DECEASED

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022

For the year ended June 30, 2023 real estate expenses increased approximately \$460 thousand primarily due to an increase in depreciation expense of approximately \$176 thousand and an increase in contract service expenses of approximately \$220 thousand.

For fiscal year 2022 real estate expenses increased approximately \$600 thousand due to an increase in depreciation expense of approximately \$337 thousand, an increase in contract expenses of approximately \$495 thousand, and an increase in insurance expense of approximately \$383 thousand, offset by reductions in real estate taxes and changes in allocation of expenses.

For the year ended June 30, 2023 interest expense increased by approximately \$370 thousand due to increases in interest rates related to the Estate's line of credit.

In fiscal year 2022 interest expense decreased by \$262 thousand compared to fiscal year 2021 due to the reduction in principal year over year.

Debt

The Estate had no new debt obligations during the years ended June 30, 2023 and 2022.

Contacting the Estate

This financial report is designed to provide families, supporters, investors, and creditors with a general overview of the Estate's finances and to demonstrate the Estate's accountability. THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

(1) Summary of Significant Accounting Policies

(a) Description of the Entity

Upon his death in 1831, Stephen Girard bequeathed cash and real estate to the City of Philadelphia for the primary purpose of establishing a boarding school for orphans (Girard College). Girard College, in continuous operation since 1848, is now a full scholarship boarding school for grades 1 through 12 situated on a 43-acre campus in Philadelphia for academically capable students from qualified families of limited financial resources, which is overseen by the Board of Directors of City Trusts (the Board). The Estate of Stephen Girard, deceased (Estate or Girard Estate) comprises personal property and real estate, principally acquired properties and improvements thereto in Philadelphia and throughout the Commonwealth of Pennsylvania (the Commonwealth) and anthracite coal lands in Schuylkill, Columbia, and Northumberland counties in the Commonwealth in the general vicinity of Girardville, Pennsylvania to support the funding and operation of Girard College. The funding is derived primarily from the Estate's investment portfolio, real estate assets, and anthracite coal assets.

(b) Basis of Accounting

The accompanying financial statements were prepared in accordance with U.S. generally accepted accounting principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB), which utilizes the accrual basis of accounting where the measurement focus is on the flow of economic resources. The Estate is classified as a Private-Purpose Trust Fund under the fiduciary fund designation of GASB.

(c) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results may differ from those estimates and assumptions.

(d) Deposits

Cash and cash equivalents are defined as deposits with financial institutions, money market accounts and money market mutual funds and highly liquid investments, which are readily convertible into cash and have a maturity date when purchased of three months or less.

The Estate's deposits are insured by the Federal Deposit Insurance Corporation (FDIC) (subject to the FDIC limit or \$250,000). However, the Estate's cash balances can exceed FDIC insured limits. As of June 30, 2023 and 2022, cash in the bank amounted to approximately \$4.6 million and \$2.9 million, of which, approximately \$4.3 million and \$2.6 million, respectively, was uninsured.

(e) Receivables

Receivables include investment income and other receivables, net of an allowance for bad debts, which is estimated based upon the Estate's assessment of factors related to the collectibility of such receivables. Actual losses may vary from current estimates. These estimates are reviewed periodically and if changes to such estimates are deemed necessary, they are recorded in the period in which they become reasonably estimable.

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

(f) Valuation of Investments

(i) Collective Legal Investment Fund (CLIF)

The Estate's investments are primarily invested in the CLIF, which is a pooled investment fund created for the collective investments managed by the Board. The Estate has no restrictions on withdrawals from the CLIF. The CLIF is a balanced portfolio primarily comprising equity securities, fixed income funds, short-term investments, and alternative investments held in private equity investments. The Estate's investment in the CLIF is measured using net asset value (NAV) per share as a practical expedient to fair value. The CLIF issues separately available audited financial statements, which are available at www.citytrusts.com.

(ii) Real Estate Investments

The Estate is a limited partner in several investments that own diversified real estate assets. The Estate has no authority to operate or govern the assets of these limited partnerships, it is not the guarantor of any debt obligations, and does not have an ongoing financial responsibility. The Estate is entitled to preferred cumulative dividends and/or operational cash flow from net operating income. Real estate investments are reported at fair value and considered Level 3 investments in the fair value hierarchy table.

(iii) Money Market Funds

The Estate also invests in money market funds, which are valued at \$1 per share and are considered Level 1 investments in the fair value hierarchy table.

(g) Interest Rate Swap

The Estate records its interest rate swap at fair value and is considered a Level 3 investment in the hierarchy table. The interest swap is ineffective and, accordingly, is classified as an investment derivative. The change in fair value is recognized as a component of investment income (loss) in the statements of changes in fiduciary net position.

(h) Capital Assets

Capital assets comprise land, equipment, real estate improved and acquired, Girard College real property and facilities, and construction in progress. The Estate capitalizes assets that exceed \$5,000 and have a useful life greater than one year.

Expenditures for capital assets are recorded at cost. Improvements to buildings and Girard College capital assets are stated at cost less accumulated depreciation calculated on a straight-line basis over the estimated useful lives, ranging primarily from 5 to 35 years. Alterations for tenants are stated at cost less accumulated depreciation calculated on a straight-line basis over the terms of the respective leases. Equipment is stated at cost less accumulated depreciation calculated on a straight-line basis over the estimated useful lives, ranging primarily from 5 to 20 years.

(i) Fair Value

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

There are three levels of inputs that may be used to measure fair value:

Level 1: Quoted or published prices in active markets for identical assets or liabilities. Level 1 assets and liabilities include debt and equity securities and money market funds that are traded in an active exchange market and U.S. Treasury securities.

Level 2: Observable inputs other than Level 1 prices, such as quoted or published prices for similar assets and liabilities; quoted or published prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets and liabilities include debt securities with quoted market prices that are traded less frequently than exchange-traded instruments, as well as interest-rate swaps. This category generally includes certain U.S. government and agency mortgage-backed debt securities and corporate debt securities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The Estate's investments held in the CLIF, are valued at NAV.

(j) Contributions and Grant Reimbursements

Contributions are typically made for the general purpose of Girard College, while reimbursements are typically related to federal programs. Contributions and grant reimbursements are recognized when all applicable eligibility requirements are met. Funds received before the eligibility requirements are met are reported as unearned revenue.

(k) Leases

The Estate is a lessor for various noncancelable leases of its buildings. A lease receivable and deferred inflows of resources are initially recognized at the commencement of the lease and discounted back to present value using the Estate's incremental borrowing rate. Subsequently, the lease receivable is reduced by the principal portion of the lease payments received. The deferred inflows of resources is subsequently amortized on a straight line basis and recognized as lease income over the lease term.

(i) Variable Lease Payments

Variable lease payments that are based on a Consumer Price Index and tenant's pay a pro-rata amount of common area maintenance costs are excluded from the measurement of the lease receivable. These amounts are recognized in the period in which the amounts are earned.

(ii) Short-Term Leases

For lease arrangements with a term less than 12 months at commencement, the Estate recognizes lease income based on the provisions of the lease.

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

(iii) Advanced Lease Payments

Lease payments received in advance of the commencement of the lease are reported as deferred inflows of resources and recognized as lease income on a straight-line basis over the term of the lease.

(iv) Key Estimates and Judgments

Key estimates and judgments include how the Estate determines the discount rate it uses to calculate the present value of the expected lease receivable, term, and payments.

- The Estate uses its estimated incremental borrowing rate as the discount rate, which is based on the rate of interest it would need to pay if it obtained debt to borrow an amount equal to the lease payments under similar terms at the commencement or remeasurement date.
- The lease term includes the noncancelable period of the lease plus any options that extend the term of the lease by either the Estate or tenant for which the option is reasonably certain to be exercised. Periods in which both the Estate and the tenant have a unilateral option to terminate are excluded from the lease.
- Payments are evaluated by the Estate to determine if they should be included in the measurement of the lease including those payments that require a determination of whether they are reasonably certain of being made.

(v) Remeasurement of Lease

The Estate monitors changes in circumstances that may require remeasurement of a lease. When certain changes occur that are expected to significantly affect the amount of the lease receivable, the receivable is remeasured and a corresponding adjustment is made to the deferred inflows of resources.

(I) Deferred Outflows/Inflows of Resources

Deferred outflows of resources are defined as a consumption of net assets by the government that is applicable to a future reporting period. Deferred inflows of resources are defined as an acquisition of net assets by the government that is applicable to a future reporting period. Deferred outflows of resources increase net position, similar to assets, and deferred inflows of resources decrease net position, similar to liabilities.

(m) Pensions

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense (benefit) have been determined on the same basis as they are reported by the Board of Directors of City Trusts Contributory and Non-Contributory Retirement plans (the Plans). See note 8 for further information.

Depreciation expense for the years ended June 30, 2023 and 2022 was approximately \$9,759,000 and \$9,466,000, respectively.

(4) Line of Credit

The Estate entered into a secured revolving line of credit agreement with a bank, which provides that the Estate may borrow up to \$25,000,000. Amounts outstanding under this line bear interest at the daily Bloomberg Short-Term Bank Yield Index (BSBY) plus 0.50% and 0.40% (5.69% and 1.89% at June 30, 2023 and 2022, respectively). The agreement also allows the Estate to draw unsecured advances at its option under the line, which bear interest at the daily BSBY rate plus 0.50%. During 2023, the Estate chose to make unsecured advances on the line. In April 2022, the line was renewed by the bank for three years to April 2025 with a mutual option to renew by both parties.

At June 30, 2023 and 2022, the Estate had outstanding borrowings of \$11,497,000 and \$11,497,000, respectively, under this line of which all were unsecured.

(5) Long-Term Debt

(a) Mortgage Payable

In December 2018, an insurance company issued a \$55,000,000, 4.51% fixed rate, 16-year term, 25-year amortization note relating to the fee and leasehold interest in the office building located at 1101 Market Street in Philadelphia, Pennsylvania. Interest-only payments began in February 2019 for a

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

period of 36 months with principal and interest payments due monthly for the remaining 13 years up to and including January 2035.

(b) Series 2014 Tax-Exempt Revenue Refunding Bonds

On December 1, 2014, The Philadelphia Authority for Industrial Development issued \$59,200,000 of Tax-Exempt Revenue Bonds (Girard Estate Project) Series 2014 Tax-Exempt Revenue Refunding Bonds (2014 Bonds) with a bank being the sole holder. All revenues of the Estate secure the 2014 Bonds.

There are no principal payments due until 2031 (\$23.2 million) and 2032 (\$36 million). As of June 30, 2023 and 2022, the interest rate on the bonds was 4.49% and 1.66%, respectively. In January 2023, the interest rate was amended to change from London Interbank Offered Rate (LIBOR) to Secured Financing Overnight Rate (SOFR).

The bank, in its sole discretion, has the option within 90 days prior to and 90 days after the 10-year anniversary following the bond issuance date to declare the entire principal balance and accrued and unpaid interest of the 2014 Bonds payable in full. If exercised, payment on this call option would be due within 90 days of such written notification from the bank. The maturities table below assumes that this call option will not be exercised.

A summary of long-term debt activity for the years ended June 30, 2023 and 2022 is as follows (in thousands):

	June 30, 2022	Additions	Reductions	June 30, 2023	Amounts due within 1 year
Mortgage payable 2014 Bonds	\$ 54,013	—	(2,444)	51,569	2,559

Total	\$ 114,200	—	(987)	113,213	2,446

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

Future principal and interest maturities of the long-term debt outstanding are as follows (in thousands):

	Principal	Interest	Total
Year ending June 30:			
2024	\$ 2,559	5,724	8,283
2025	2,676	5,606	8,282
2026	2,800	5,483	8,283
2027	2,928	5,354	8,282
2028	3,063	5,219	8,282
2029–2033	76,767	19,317	96,084
2034–2035	<u>19,976</u>	<u>1,211</u>	<u>21,187</u>
	<u><u>\$ 110,769</u></u>	<u><u>47,914</u></u>	<u><u>158,683</u></u>

(c) Debt Covenants

The bond and mortgage agreements require the Estate to maintain a ratio of market value cash and investments to funded debt equal to or greater than 1.50, and the Estate was in compliance. The bond and mortgage agreements also require the Estate to deliver its audited financial statements within 120 days of year-end. The Estate obtained a waiver for not providing its June 30, 2023 and 2022 audited financial statements within 120 days of year-end.

(6) Interest Rate Swap

In connection with the issuance of the 2014 Bonds, in order to address its interest rate risk, the Estate entered into an interest rate swap contract by converting the variable interest rate for the 2014 Bonds to a synthetic fixed rate plus the applicable credit spread. The terms of the swap contract have a notional amount of \$59,200,000, the Estate pays an interest rate of 4.9035% plus 69% of the 30-day LIBOR and receives 69% of the 30-day LIBOR. The swap contract matures on June 1, 2032. In December 2022, the interest rate on the swap contract was amended to change from LIBOR to SOFR.

The fair value of the interest rate swap amounted to a liability of \$10,329,000 and \$14,784,000 at June 30, 2023 and 2022, respectively, and is classified as level 3 in the fair value hierarchy. Changes in the fair value are reported as increase or decrease in the statements of changes of fiduciary net position. For the years ended June 30, 2023 and 2022, the change in the fair value of the interest rate swap was a gain of \$4,455,000 and \$9,299,000, respectively.

(a) Counterparty Risk

Interest rate swaps are also subject to counterparty risk, which is the risk of loss of an amount expected to be delivered under an agreement in the event of the default or bankruptcy of the counterparty. Counterparty risk with swaps is limited by execution under the standardized International Swap and Derivatives Association Agreements. These contracts allow for the mutual exchange of collateral should an overall unsecured market value exceed a certain threshold.

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

(b) Credit Risk

As of June 30, 2023 and 2022, the Estate was not exposed to credit risk on its interest rate swap contract since the swap had a negative fair value. However, should interest rates change and the fair value of the swap become positive, the Estate would be exposed to credit risk in the amount of the swap's fair value.

(c) Interest rate risk

The Estate will be exposed to interest rate risk only if the counterparty to the swap defaults or if the swap is terminated.

(7) Leases

The Estate leases its properties to various tenants with various expiration dates through fiscal year 2036 and with monthly lease income ranging from \$125 per month to \$330,000 per month. None of the leases allow a lessee to terminate the lease or abate payments.

In June 2007, the Estate entered into a long-term ground lease with a lessee, in the form of two leases, for the land and existing buildings located in the City of Philadelphia, between Market and Chestnut Streets and between 11th and 12th Streets and received an up-front payment of \$90,000,000. In addition, the Estate will receive basic net rent, for each lease, of \$1 per year.

The leases are triple net leases with all income, expenses, taxes, and liabilities transferring to the lessee for a term of 75 years. At the lessee's option, the lease term can be extended for an additional term of 75 years for the then current market rate to be determined by binding arbitration in either the 50th, 60th, or 74th year of the lease. Title to the property remains with the Estate. The \$90,000,000 was paid prior to lease commencement and reported as deferred inflows of resources in the statements of fiduciary net position. The unamortized balance at June 30, 2023 and 2022 were \$70,737,000 and \$71,937,000, respectively. The lessee has been granted the right to perform property improvements up to and including the demolishing of current structures and the development of new properties. Title to new properties and improvements passes to the Estate at the end of the lease term. The leases do not contain bargain purchase options.

For the years ended June 30, 2023 and 2022, the components of lease income recognized on the statements of changes in fiduciary net position is as follows (in thousands):

	2023	2022
Amortization of deferred inflows of resources	\$ 10,079	8,245
Short-term lease income	5,131	5,428
Variable lease income	8,596	9,496
	23,806	23,169
Interest on leases	2,134	2,227
Total lease income	\$ 25,940	25,396

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

As of June 30, 2023 and 2022, the lease receivable and deferred inflows of resources related to the aforementioned leases amounted to approximately \$97.4 million and \$162.7 million and \$105.0 million and \$173.4 million, respectively.

A summary of principal and interest from the future payments that are included in the measurement of the lease receivable for the next five years and in subsequent five-year increments thereafter is as follows (in thousands):

	Principal	Interest	Total
Year ending June 30:			
2024	\$ 10,346	1,979	12,325
2025	9,855	1,790	11,645

2029–2033	39,365	3,415	42,780
2034–2037	12,826	319	13,145
	<hr/>	<hr/>	<hr/>
	\$ 97,421	11,776	109,197

(8) Defined Benefit Pension Plans

(a) *Description of the Plans*

The Estate contributes to the following single-employer defined benefit pension plans:

1. Board of Directors of City Trusts Contributory Retirement Plan (Contributory Plan) – covers certain union employees, hired prior to December 20, 2019, who have completed one year of service regardless of age and whose union contract does not provide benefits under either a union pension plan or the Estate's noncontributory plans.
2. Board of Directors of City Trusts Non-Contributory Retirement Plan (Non-Contributory Plan) – covers certain employees of the Board of Directors of City Trusts and Girard Estate and Girard College non-union employees, hired prior to September 1, 2010, and certain union employees, hired prior to September 16, 2019, who have completed one year of service regardless of age and certain union employees under union contracts that provide for participation.

Both the Contributory and Non-Contributory Plans (the Plans) report on a calendar year-end (December 31) and issue separately available audited financial statements. Additional information for each plan is available at www.citytrusts.com.

Participants in the Plans who have attained age 65 are entitled to receive retirement benefits payable during their lifetime on the first day of each month following their retirement or termination of employment. Early retirement and survivor benefits are also available to participants.

For the year ended June 30, 2023, the Estate's net pension asset for each plan was measured as of December 31, 2022 (the measurement date), and the total pension liability used to calculate the net

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

pension asset for each plan were determined by actuarial valuations as of January 1, 2022 rolled forward to June 30, 2023. For the year ended June 30, 2022, the Estate's net pension asset for each plan was measured as of December 31, 2021, and the total pension liability used to calculate the net pension asset for each plan were determined by actuarial valuations as of January 1, 2021 rolled forward to June 30, 2022.

(b) Benefits

The following is a summary of the benefits specific to each plan:

Contributory Plan

Benefits are based on cumulative employee contributions required by each plan determined on career salary levels. Benefits payable upon early retirement are computed in the same manner as normal retirement benefits; however, early retirement benefits are discounted by an early retirement factor.

(1) Normal Retirement Benefit:

(i) Service Benefit: Approximately 1.1% of the first \$3,600 plus 2.75% of the excess over \$3,600 of the annual rate of earnings on each January 1 according to salary class.

(ii) Minimum Benefit: \$2,400 annually.

(2) Early Retirement Benefit: Retirement benefit accrued to early retirement date, as in (1) above, and reduced 4% for each year that retirement precedes age 65.

(3) Postponed (Late) Retirement Benefit: For active members, the retirement benefit accrued to Postponed Retirement Date. For inactive members, the retirement benefit as in (1) above, accrued to Normal Retirement Date is increased 1/3 of 1% for each month that benefit commencement exceeds Normal Retirement Date.

(4) Deferred Vested Benefit: Retirement benefit accrued to date of termination as in (1) above. Benefits commence at normal retirement date or, if member has 15 or more years of service, as early as age 50 with benefits reduced as described in (2) above. If member delays commencement beyond normal retirement date, the benefit shall be increased as described in (3) above.

Non-Contributory Plan

Benefits are based on salary and years of service. Early retirement benefits are calculated by discounting the normal retirement benefit by an early termination factor.

(1) Normal Retirement Benefit, with an effective date of May 1, 1975, includes:

(i) Accrued Benefit: The annual accrued benefit credited in the prior Contributory Plan as of the effective date of this plan, if any, plus

(ii) Past Service Benefit: 1% of annual pay on the effective date multiplied by years of service to the effective date, provided the members had not attained age 65 on the effective date, plus

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

(iii) Future Service Benefit: 1.5% (2% for non-union employees) of final 5-year average pay multiplied by years of service from date of participation to retirement.

Monthly retirement income shall not exceed 50% of final monthly base pay.

- (2) Early Retirement Benefit: Income accrued to early retirement date as in (1) above, reduced 1/3 of 1% for each month by which the benefit commencement date preceded Normal Retirement Date.
- (3) Deferred Vested Income: Income accrued to date of termination as in (1) above. Benefits commence at Normal Retirement Date or, if member has 15 or more years of service, as early as age 50 with benefits reduced as described in (2) above.

(c) Plan Members Covered by Benefit Terms

The following members were covered by the respective benefit terms of each plan for 2023 and 2022:

	2023	2022
Contributory Plan:		
Inactive members or beneficiaries currently receiving benefits	32	33
Inactive members entitled to, but not yet receiving, benefits	16	16
Active members	8	8
Total	56	57
Non-Contributory Plan:		
Inactive members or beneficiaries currently receiving benefits	154	135
Inactive members entitled to, but not yet receiving, benefits	123	137
Active members	53	58
Total	330	330

(d) Expected Rate of Return

The long-term expected rate of return on the Plans' investments were determined using a building block method in which the best estimate ranges of expected real rates of return (i.e., expected returns, net of investment expenses, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected real rates of return by the target asset allocation percentage and by adding expected inflation. For the years ended

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

June 30, 2023 and 2022, the target asset allocation and best estimates of real rates of return for each major asset class are summarized in the following table:

	2023	
	Target asset allocation	Long-term expected real rate of return
Domestic equity	50 %	6.5 %
International equity	10	6.5
Fixed income	30	3.5
Real estate/alternative	10	6.0
Total	100 %	6.5 %
	2022	
	Target asset allocation	Long-term expected real rate of return
Domestic equity	50 %	6.5 %
International equity	10	6.5
Fixed income	30	3.5
Real estate/alternative	10	6.0
Total	100 %	6.5 %

(e) Actuarial Assumptions

For the years ended June 30, 2023 and 2022, the total pension liability was determined by actuarial valuations for the Plans using the following actuarial assumptions applied to the period included in the measurement:

Projected salary increases	3% compounded annually
Investment rate of return	7.5% per annum, compounded annually, net of investment expenses
Inflation adjustment	3% compounded annually
Mortality	PRI-2012 Amount Weighted Mortality Table with 2021 MP generational scale

(f) Discount Rate

For the years ended June 30, 2023 and 2022, the discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the rates applicable to each member and that employer contributions will be made at rates as determined by the actuary. Based on those assumptions, the

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and non-active members. Therefore, the long-term expected rate of return on the Plan's investments was applied to all periods of projected benefit payments to determine the total pension liability.

(g) Sensitivity of Net Pension Asset to Change in the Discount Rate

The following presents the net pension asset for each plan as of June 30, 2023 and 2022, calculated using the discount rate of 7.5% for each year, as well as what the net pension asset would be if it were calculated using a discount rate that is 1 percent lower or 1 percent higher than the current rate:

	\$	2023		
		1% Decrease (6.5%)	Discount rate (7.5%)	1% Increase (8.5%)
Contributory Plan – net pension asset	\$ (2,436,127)		(3,099,841)	(3,644,207)
Non-Contributory Plan – net pension asset	(13,518,695)		(17,097,804)	(20,262,394)
	\$	2022		
		1% Decrease (6.5%)	Discount rate (7.5%)	1% Increase (8.5%)
Contributory Plan – net pension asset	\$ (3,765,583)		(4,413,100)	(4,980,920)
Non-Contributory Plan – net pension asset	(21,525,782)		(25,192,859)	(28,218,901)

Pension expense (benefit) for the years ended June 30, 2023 and 2022 amounted to approximately (\$82,500), (\$787,000) and (\$476,000), (\$2.6 million) for the Contributory and Non-Contributory Plans, respectively.

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

(h) Deferred Outflows/Inflows of Resources

Contributory Plan

At June 30, 2023 and 2022, the Estate reported deferred outflows and inflows of resources related to the Contributory Plan from the following sources:

	2023	
	Deferred outflows of resources	Deferred inflows of resources
Difference between expected and actual experience	\$ 10,186	6,527
Changes in assumptions	7,754	—
Net difference between projected and actual earnings on pension plan investments	<u>859,501</u>	<u>—</u>
Subtotal before post-measurement date contributions	877,441	6,527
Contributions subsequent to the measurement date	<u>210,764</u>	<u>—</u>

Non-Contributory Plan

At June 30, 2023 and 2022, the Estate reported deferred outflows and inflows of resources related to the Non-Contributory Plan from the following sources:

	2023	
	Deferred outflows of resources	Deferred inflows of resources
Difference between expected and actual experience	\$ 11,467	160,262
Changes in assumptions	14,986	—
Net difference between projected and actual earnings on pension plan investments	<u>5,011,023</u>	<u>—</u>
Subtotal before post-measurement date contributions	5,037,476	160,262
Contributions subsequent to the measurement date	<u>570,000</u>	<u>—</u>
Total	\$ 5,607,476	160,262
	2022	
	Deferred outflows of resources	Deferred inflows of resources
Difference between expected and actual experience	\$ 49,692	298
Changes in assumptions	140,321	—
Net difference between projected and actual earnings on pension plan investments	<u>—</u>	<u>5,423,022</u>
Subtotal before post-measurement date contributions	190,013	5,423,320
Contributions subsequent to the measurement date	<u>570,000</u>	<u>—</u>
Total	\$ 760,013	5,423,320

Deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as an increase to the net pension asset for the year ended June 30, 2023, but are not

THE ESTATE OF STEPHEN GIRARD, DECEASED

Notes to Basic Financial Statements

June 30, 2023 and 2022

included in the table below. Deferred outflows of resources and deferred inflows of resources will be recognized in pension expense (benefit) as follows:

	Contributory plan	Non-Contributory plan
Year ended June 30:		
2024	\$ 37,955	(10,941)
2025	185,376	1,074,991
2026	256,278	1,498,928

(9) Defined-Contribution Plan

Girard Estate and Girard College nonunion employees hired after August 31, 2010 participate in the Girard Estate/Girard College Retirement Plan, a 403(b) defined-contribution retirement plan. Employees may choose to defer a portion of their compensation in accordance with Internal Revenue Services' regulations. Employee contributions are immediately fully vested and are not subject to forfeiture for any reason.

Eligible participants receive a discretionary annual employer contribution, which is determined each year. The employer contributions for fiscal year 2023 and 2022 were set at 3% of eligible compensation and in the aggregate were approximately \$50,000 and \$63,000, respectively.

(10) Commitments and Contingencies

The Estate is party to various claims and legal proceedings that arise in the normal course of business. Management, after consultation with legal counsel, does not believe that the resolution of these matters will have a material adverse effect on the Estate's financial condition or results of operations.

Commitments related to construction-in-progress projects were approximately \$4 million at June 30, 2023.

(11) Related-Party Transactions

The Estate has a written conflict of interest policy that requires, among other things, that no member of the Board can participate in any decision in which he or she (or an immediate family member) has a material financial interest. When such relationships exist, measures are taken to mitigate any actual or perceived conflict, including requiring that such transactions be conducted at arm's length, for good and sufficient consideration, based on terms that are fair and reasonable and for the benefit of the Estate, and are in accordance with applicable conflict of interest laws.

Independent Auditors' Report

The Board of Directors of City Trusts:

Opinion

We have audited the financial statements of Wills Eye Hospital (the Hospital), as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Hospital's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Hospital, as of June 30, 2023 and 2022, and the changes in its financial position and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Hospital and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hospital's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hospital's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis, schedule of changes in the employer's net pension liability (asset) and related ratios, and schedule of employer contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Hospital's basic financial statements. The supplementary information in the schedule of blended component units – ambulatory surgery centers is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

WILLS EYE HOSPITAL

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022

(In thousands)

The following discussion and analysis of the Wills Eye Hospital ("Hospital") provides an overview of the financial activities of the Hospital for the years ended June 30, 2023 and 2022.

The information contained within this Management's Discussion and Analysis is only a component of the entire financial statement report. Readers should take time to read and evaluate all sections of the report, including the Notes to the Financial Statements that are provided in addition to this Management's Discussion and Analysis.

The Hospital was established in 1832 through a bequest of James Wills, a Quaker merchant, to the City of Philadelphia, and is administered by the Board of Directors of City Trusts (the Board). The Hospital, located in Philadelphia, is a trust that owns and operates various facilities that provide medical services to area residents. Certain of these services are provided through affiliated organizations controlled by the Hospital.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction into the Hospital's basic financial statements. The Hospital is considered a proprietary fund in accordance with governmental accounting standards. Proprietary funds report on business-type activities and the financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. The Hospital's basic financial statements comprise the statements of net position, statements of revenues, expenses and changes in net position, statements of cash flows and notes to the financial statements.

Despite being legally separate from the Hospital, the following component units are considered blended component units and reported as if they were part of the Hospital because the governing body of the component units are essentially the same as the Hospital:

Wills Eye Foundation, Inc., ("the Foundation") a domestic nonprofit corporation, owned 100% by the Hospital, established to solicit, collect, and administer charitable donations made in order to further the institutional objectives of the Trust under the Will of James Wills, as determined from time to time by the Board.

AASOP, Inc., ("AASOP") a wholly owned subsidiary of the Hospital, established to own and operate physician practices.

Wills Eye Surgical Network, L.L.C., ("the Management Company") established to provide certain management services to the Ambulatory Surgery Centers (the Centers). The Management Company is 99% owned by one of the Hospital's controlled corporations and 1% by the Hospital.

Wills Eye Community Surgical Services Corp. (Services Corp), Wills Community Services of Plymouth Meeting, Inc. and Wills Community Surgical Services of Cottman – Buxmont, Inc., (Services of Cottman-Buxmont) wholly-owned subsidiaries of the Hospital, established to be the majority owners of the Centers.

Wills Eye Ophthalmology Clinic, Inc., ("WEOC") a wholly-owned subsidiary of the Hospital, established to provide outpatient clinical services, which also owns and operates optical shops at the Hospital and other locations.

WILLS EYE HOSPITAL

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022

(In thousands)

Abbot, Inc., ("Abbott") a wholly-owned subsidiary of the Hospital, established to own and operate real estate for leasing purposes.

The Hospital also has a majority ownership in several Centers which are deemed to be blended component units since the Hospital is deemed to be financially accountable and the governing body of the component units are essentially the same as the Hospital. The Centers were established to provide high-quality, cost-effective, outpatient surgical services at five locations more accessible to the Hospital's patients. The Hospital has developed its network of the Centers to provide outpatient surgical services in the Delaware Valley area. The Centers provide both single-specialty (ophthalmology) and multispecialty services. The following Centers have been included as part of the Hospital's financial statements:

Cherry Hill Ambulatory Surgical Center, LLC (Cherry Hill),
Cottman Ambulatory Surgical Center, LLC (Cottman),
Warminster Ambulatory Surgical Center, LLC (Warminster),
Plymouth Meeting Ambulatory Surgical Center, LLC (Plymouth Meeting), and
Stadium Campus Ambulatory Surgical Center, LLC (Stadium)

The Hospital and its blended component units are collectively referred to as the Organization.

Statements of Net Position

This statement provides information about the nature and amount of the Hospital's investments in resources (assets), obligations to the Organization's creditors (liabilities) as well as the deferred outflows and inflows of resources, with the difference between these amounts reported as the Organization's net position.

Statements of Revenues, Expenses and Changes in Net Position

This statement reports how the Organization's net position changed during the year presented by accounting for all revenues and expenses and measuring the financial results of operations. The information may be used to determine how the Organization has funded its costs.

Statements of Cash Flows

This statement provides information regarding the Organization's cash receipts and payments as well as net changes in cash resulting from operating, noncapital and related financing, capital and related financing and investing activities.

Notes to the Financial Statements

The notes to the financial statements are an integral part of the financial statements providing additional detail that is essential to a full understanding of the financial statements.

Financial Highlights

The Organization's net position decreased \$4,002 (4%) during the year ended June 30, 2023 compared to a decrease of \$20,050 (17%) during the year ended June 30, 2022. The change year over year is primarily due to changes in investment performance as a result of market conditions. The Organization reported net investment income of \$9,440 during the year ended June 30, 2023 compared to a net investment loss of \$10,822 during

WILLS EYE HOSPITAL

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022
(In thousands)

the year ended June 30, 2022. Operating revenues and expenses increased by 4% and 7%, respectively, during the year ended June 30, 2023 compared to June 30, 2022.

The Hospital had previously entered into a financing arrangement in which the Hospital transferred its leasehold interest to a third party for a 35 year agreement and subsequently entered into a sublease arrangement. The Hospital had recognized the liability which totaled \$3,752 as of June 30, 2022. During the year ended June 30, 2023, the Hospital purchased the rights of the lease and refinanced the liability by obtaining debt of \$5,200. The cost to buyout the third party's interest in the lease totaled \$1,038 and is reported as an other non-operating expense.

Effective July 1, 2021, the Organization adopted GASB Statement No. 87, Leases (GASB 87) which establishes a uniform approach for lease accounting based on the principle that leases are financings of the right-to use an underlying asset. In accordance with GASB 87, the lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and the lessor is required to recognize a lease receivable and deferred inflow of resources. GASB 87 also requires enhanced disclosure which includes a general description of the leasing arrangement, the aggregate amount of resource inflows and outflows recognized from lease contracts, including those not included in the measurement of the lease liability and receivable.

At July 1, 2021, the Organization recognized right-of-use assets of \$12,539, lease liabilities of \$12,714, and adjusted existing deferred rent liability of \$175, based upon the present value of the remaining rental payments. The applicable discount rates ranged from 1.1% to 4.4% which were based on the Organization's incremental borrowing rates. Additionally, for the lease in which the Organization is a lessor, the Organization also recorded a lease receivable of \$4,139 based upon the present value of the remaining rental receipts, deferred inflows of resources of \$3,985, and adjusted \$153 of existing deferred rental income. The applicable discount rate of 3.2% was based on the Organization's incremental borrowing rate.

Condensed Financial Information

The following schedule is a summary of the Organization's June 30, 2023 Statement of Net Position with comparative information as of June 30, 2022 and 2021.

Summary of Net Position

WILLS EYE HOSPITAL

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022

(In thousands)

Cash increased slightly from the prior year due to use of cash in operating activities of \$13,246 and in capital and related financing activities of \$4,294, which was offset by cash provided from noncapital financing of activities of \$3,872 and by investing activities of \$13,810. The decrease in cash during the year ended June 30, 2022 resulted from additions of use of cash from operations totaling \$9,052 and use of cash from capital and related financing activities of \$4,049 offset by proceeds from noncapital financing activities of \$1,230 and proceeds from investing activities of \$9,207.

The increase in patient accounts receivable as of June 30, 2023 is due to an increase of \$1,000 for the Hospital, an increase of \$1,938 at WEOC, offset by a decrease in the ASCs of \$154. The decrease in patients accounts receivable as June 30, 2022 is due to an accrual of \$5,200 for a 2021 Medicaid Supplemental payment at June 30, 2021 that was received during the fiscal year ended June 30, 2022. There was no accrual at June 30, 2022 for the Organization's 2022 Medicaid Supplemental payment since it was also received during the fiscal year ended June 30, 2022. This decrease was also offset by an increase of \$320 in WEOC due to normal timing of collections.

The Organization's investments are concentrated in the Collective Legal Investment Fund (CLIF), which represented 93% and 91% of its total investment portfolio as of June 30, 2023 and 2022, respectively. The balance of the Organization's investments are held in cash and cash equivalents and a minority interest in an ambulatory surgery center.

The CLIF is a pooled investment fund created for the collective investments managed by the Board. The CLIF is a balanced portfolio primarily comprising equity securities, fixed income funds, short-term investments, and alternative investments held in private equity investments. The Organization has no authority to operate or govern the assets of these investments, it is not the guarantor of any debt obligations, and does not have an ongoing financial responsibility. The Organization is entitled to preferred cumulative dividends and/or operations cash flow from net operating income. The CLIF is reported at net asset value (NAV) which is a practical expedient to fair value.

The Organization also holds a minority interest as a limited partner in an ambulatory surgical center. The Organization reports this investment on the equity method of accounting.

The Organization's total investments, including its investment in surgery center, decreased by \$6,431 and \$19,399 as of June 30, 2023 and 2022, respectively. The decrease at June 30, 2023 was driven by \$11,925 sales of investments, \$1,422 proceeds from interest and dividends and \$964 distributions received from its investment in surgery center, offset by purchases of and unrealized gains on its investments of \$350 and \$7,530, respectively. The decrease at June 30, 2022 was driven by \$6,700 sales of investments, \$1,822 proceeds from interest and dividends, \$988 distributions received from its investment in surgery center and unrealized losses on its investments of \$9,889.

Capital assets includes leased assets and increased by \$2,660 during the year ended June 30, 2023 due to capital additions of \$5,631 and new leases of \$3,137, offset by depreciation and amortization of \$6,101 and loss from disposition of \$7. Capital assets decreased by \$4,012 during the year ended June 30, 2022 due to depreciation of \$6,266 and the \$11 disposal of net capital assets, offset by \$2,180 of capital additions and \$85 of new leases.

WILLS EYE HOSPITAL

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022
(In thousands)

The net pension asset decreased by \$7,548 as of June 30, 2023 and increased by \$5,318 as of June 30, 2022 primarily driven by changes in investments year over year since contributions to the plan remained consistent each year.

Other assets include lease receivable and charitable gift annuity and the decrease in the balance as of June 30, 2023 relates to the change in the lease receivable. The increase in the balance for June 30, 2022 is due to the implementation of GASB 87 and recognition of the lease receivable.

Deferred outflows of resources includes amounts related to the Organization's defined benefit pension plan and interest rate swaps. The Organization's deferred outflows of resources for the interest rate swap increased as of June 30, 2023 due to the addition of a new swap and the change in fair value of the existing swap. The decrease in fair value of \$2,475 as of June 30, 2022 is due to favorable market conditions. Changes in the investment performance of assets held by the defined benefit plan resulted in a deferred outflow of resources for the year ended June 30, 2023.

The Hospital needed to utilize its lines of credit for working capital needs during the years ended June 30, 2023 and 2022 which accounts for the increase each year.

As of June 30, 2023, the Organization's debt increased by \$6,284 due to new debt of \$7,602 in which \$6,200 relates to the refinance of other liability (see commentary above) and offset by principal payments of \$1,318. As of June 30, 2022, the Organization's debt decreased by \$1,270 based on the Organization's principal payments on long-term debt offset by \$114 of additional borrowing.

The fair value of the interest rate swap liability increased by \$1,261 due to the addition of a new swap and the change in fair value of the existing swap due to the changes in interest rates and market conditions, and decreased by \$2,474 as of June 30, 2022 due to the changes in interest rates and market conditions. The change in the fair value of the interest swap liability has the opposite impact to the deferred outflows of resources.

Total lease liabilities increased by \$939 as of June 30, 2023 due to new leases and remeasurements of existing leases less payments of the lease liabilities during the year. Total lease liabilities decreased by \$2,181 as of June 30, 2022 primarily due to payments on leases.

The Organization's other current and noncurrent liabilities decreased by \$4,714 during the year ended June 30, 2023, which was primarily driven by the refinancing of \$3,752 with long-term debt and the \$1,038 payment made to effect such refinancing (see financial highlights above), offset by a reduction of \$74 liabilities through the normal course of operations. As of June 30, 2022, other current liabilities decreased by \$3,831 which relates to recoupments by Medicare of advanced funding provided under the CARES Act.

Deferred inflows of resources includes amounts related to the Organization's defined benefit pension plan and the lease receivables. Due to changes in investment performance for the Hospital's defined benefit plan (see commentary above), the deferred inflow of resources decreased by \$4,692. The deferred inflows of resources for the pension plan increased by \$2,139 as of June 30, 2022 due to the change in the calculation of the net pension asset. Deferred inflows of resources for leases decreased by \$569 and \$569 as of June 30, 2023 and 2022, respectively, due to the amortization of lease income.

WILLS EYE HOSPITAL

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022
(In thousands)

The following schedule is a summary of the Organization's Statement of Revenues, Expenses and Changes in Net Position for the year ended June 30, 2023 with comparative information for the years ended June 30, 2022 and 2021.

Condensed Statement of Revenues, Expenses and Changes in Net Position

	2023	2022	2021
Operating revenue:			
Patient service revenue	\$ 95,572	90,740	85,770
Grant revenue	553	1,339	4,534
Other revenue	5,694	6,151	7,404
Total operating revenue	<u>101,819</u>	<u>98,230</u>	<u>97,708</u>
Operating expenses:			
Salaries and benefits	56,574	52,117	55,512
Other expenses	54,624	51,818	50,101
Depreciation and amortization	6,101	6,266	3,938
Total operating expenses	<u>117,299</u>	<u>110,201</u>	<u>109,551</u>
Operating loss	(15,480)	(11,971)	(11,843)
Nonoperating (expense) revenue	10,463	(8,324)	26,785
Contributions to permanent endowment fund	<u>1,015</u>	<u>245</u>	<u>2,627</u>
(Decrease) Increase in net position	<u>\$ (4,002)</u>	<u>(20,050)</u>	<u>17,569</u>

For the year ended June 30, 2023, patient service revenue increased by \$4,832 (5%) due to increases in Hospital revenue of \$2,334 (6%), WEOC of \$1,662 (7%), and the Centers of \$953 (4%), offset by a decrease in AASOP of \$117. For the year ended June 30, 2022, patient service revenue increased overall by 5.8%, of which there was an 11.0% increase at the Centers, a 7.5% increase at WEOC and a 3.0% increase at the Organization attributed to annual insurance reimbursement rate increases and case volume increases.

Grant revenue decreased by \$786 and \$3,195 for the years ended June 30, 2023 and 2022, respectively, primarily due to a reduction in government grants.

Other revenue decreased by \$457 during the year ended June 30, 2023, driven by a reduction in rental income. Other revenue decreased by \$1,253 during the year ended June 30, 2022, driven by \$929 in the Payroll Protection Program loan forgiveness, received during the year ended June 30, 2021, plus a \$324 reduction in rental income.

Salaries and benefits increased by \$4,457 (9%) during the year ended June 30, 2023 due an increase of \$1,883 in pension expense for the defined benefit plan, salary increases of \$1,173 (5%) at WEOC, salary increases of \$1,039 (7%), and health insurance increases of \$568 (30%), offset by decreases in other salaries and benefits of \$206. Salaries and benefits decreased by \$3,395 (6%) during the year ended June 30, 2022

WILLS EYE HOSPITAL

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022

(In thousands)

primarily due to a decrease in pension costs of \$5,978, offset by an overall increase in salaries of \$2,583 or 5.0%.

Other expenses increased by \$2,806 (5%) for the year ended June 30, 2023 due to an increase in insurance of \$545 (20%), professional fees of \$1,276 (28%) and other expenses of \$985 (2%). Other expenses increased by \$1,717 during the year ended June 30, 2022, as compared to the year ended June 30, 2021 due to increases of \$476 (22%) in insurance, \$1,046 (30%) in professional fees, and \$195 (0%) in other expenses.

Nonoperating expenses and revenues primarily consist of net investment income (loss), contributions from private donors, interest expense, and other expenses. Overall nonoperating (expenses) revenues increased by \$18,787 due to an increase in net investment income of \$20,262 and increase in contributions of \$411, offset by increases in interest expense of \$501, a \$1,038 payment made to effect the refinancing of the other long-term liability (see comments above) and \$347 in other costs.

Nonoperating expenses and revenues decreased by \$35,081 during the year ended June 30, 2022 due to decreases in the value of investments of \$37,168 compared to June 30, 2021, offset by an increase in net investment income of \$231 and an increase of contributions of \$1,856.

Contributions to the permanent endowment fluctuate from year to year and increased by \$770 for the year ended June 30, 2023 and decreased by \$2,382 for the year ended June 30, 2022.

Non-GAAP Financial Measurements

The following discussion includes references to Adjusted operating loss and Adjusted net cash used in operating activities which are non-GAAP financial measures (collectively, Non-GAAP Financial Measures). A Non-GAAP Financial Measure is a numerical measure of an entity's value, historical or future financial performance, financial position and cash flows that excludes amounts, or is subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable financial measure calculated and presented in accordance with GAAP in the statements of net position, statements of revenues, expenses and changes in net position, or statements of cash flows of the entity; or includes amounts, or is subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable financial measure so calculated and presented. In this regard, GAAP refers to generally accepted accounting principles in the United States. We have provided reconciliations of the Non-GAAP Financial Measures to the most directly comparable GAAP financial measures.

We believe the presentation of Non-GAAP Financial Measures provides useful information to stakeholders regarding our results of operations because these financial measures are useful for trending, analyzing and benchmarking the performance and value of our business. By excluding certain expenses and other items that may not be indicative of our core business operating results, these Non-GAAP Financial Measures:

- allow stakeholders to evaluate our performance from management's perspective, resulting in greater transparency with respect to supplemental information used by us in our financial and operational decision making;
- facilitate comparisons with prior periods and reflect the principal basis on which management monitors financial performance;
- facilitate comparisons with the performance of others in the healthcare industry; and

WILLS EYE HOSPITAL

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022
(In thousands)

- provide better transparency as to the measures used by management and others who follow our industry to estimate the value of our organization.

We primarily use two Non-GAAP Financial Measures (Adjusted operating loss and Adjusted net cash used in operating activities) as performance measures and believe that the GAAP financial measure most directly comparable to these two Non-GAAP Financial Measures is Operating loss and Net cash used in operating activities. We use Non-GAAP Financial Measures to assess the performance of our operating businesses, as well as the employees responsible for operating such businesses. Non-GAAP Financial Measures are useful in this regard because they include contributions received by the Organization and do not include such costs as pension expense or those incurred to secure contributions, which may vary from period to period or be based upon actuarial analysis. By excluding such factors when measuring financial performance, many of which are outside of the control of the employees responsible for operating our businesses, we are better able to evaluate value and the operating performance of the business and the employees responsible for business performance.

We believe Operating loss and Net cash used in operating activities are useful to a stakeholder in evaluating our operating performance because they help stakeholders evaluate and compare the results of our operations from period to period.

We adjust Operating loss when evaluating our performance because we believe that the consideration of certain additional items described below provides useful supplemental information to stakeholders regarding our ongoing performance, in the case of Adjusted operating loss. We believe that the presentation of Adjusted operating loss, when combined with GAAP Operating loss is beneficial to a stakeholder's complete understanding of our operating performance.

We adjust Operating loss for the following items:

- Contributions.
- Expenses incurred from restricted contributions.
- Pension expense (income).

The Organization understands that not all fees for services support the operations of the Hospital, and therefore, soliciting of contributions from individuals and other organizations is a necessary part of the Hospital's operations. Additionally, the Foundation's purpose is to solicit contributions on behalf of the Hospital and the Foundation is a component unit of the Hospital. Pursuant to governmental accounting standards, contributions are not reported as operating revenues and, therefore, are reflected as nonoperating revenue in the Organization's statements of revenues, expenses and changes in net position. Some contributions are received from donors that designate specific purposes for which the funds should be utilized.

In accordance with governmental accounting standards, the pension expense (income) is based upon an actuarial valuation, which is performed at a measurement date that does not coincide with the Organization's fiscal year-end. As such, there could be activity impacting pension expense (income), subsequent to the measurement date, which is excluded from the pension expense (income) reported in the Organization's statements of revenues, expenses and changes in net position.

WILLS EYE HOSPITAL

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022
(In thousands)

The following table provides a reconciliation of operating loss to Non-GAAP Adjusted operating loss for the years ended June 30:

	2023	2022
Operating loss	\$ (15,480)	(11,971)
Add: Contributions	4,063	3,652
Add: Prior contributions used to fund current expenses	3,574	4,176
Add (Subtract): Pension expense (income)	134	(1,679)
Adjusted operating loss	<u>\$ (7,709)</u>	<u>(5,822)</u>

We adjust Net cash used in operating activities when evaluating our performance because we believe that the consideration of certain additional items described below provides useful supplemental information to stakeholders regarding our ongoing performance, in the case of Adjusted net cash used in operating activities. We believe that the presentation of Adjusted net cash used in operating activities, when combined with GAAP Net cash used in operating activities is beneficial to a stakeholder's complete understanding of our operating performance.

We adjust Net cash used in operating activities for the following items:

- Proceeds from contributions.
- Expenses incurred from restricted contributions.

In addition to the presentation of the Organization's operating loss, governmental accounting standards also has impacted the presentation of the statements of cash flows, specifically cash flows from operations. Disbursements for restricted funds are reported as part of operations, and therefore deemed a use of operating cash. However, the proceeds for which those restricted expenses are not reported as part of operations. Accordingly, there is a mismatch of cash flows from operations. The following table provides a reconciliation of Net cash used in operating activities to Non-GAAP Adjusted net cash used in operating activities for the years ended June 30:

	2023	2022
Net cash used in operating activities	\$ (13,246)	(9,052)
Add: Proceeds from contributions	3,795	2,901
Add: Prior contributions used to fund current expenses	3,574	4,176
Adjusted net cash used in operating activities	<u>\$ (5,877)</u>	<u>(1,975)</u>

WILLS EYE HOSPITAL

Management's Discussion and Analysis (Unaudited)

June 30, 2023 and 2022

(In thousands)

Debt

During the year ended June 30, 2023, the Organization obtained the following new debt obligations:

On September 28, 2002, the organization entered into a \$5,200 loan, which matures on September 28, 2032, bears interest at an annual amount of one-month term SOFR plus 1.8% and requires monthly repayments of principal in amounts that amortize the loan over a 15-year period. The Organization used these funds to exercise its option to acquire a property the Organization was already in a financing arrangement.

On March 13, 2023, the Organization received a \$1,000 bridge loan in anticipation of receiving a \$1,000 Pennsylvania Redevelopment Capital Assistance Program grant. The loan was set to expire on March 13, 2024 but was extended to June 11, 2024 and bears interest at the one month term SOFR rate plus 1.8%. As of June 30, 2023, the balance of the loan amounted to \$1,000.

On September 20, 2022, the Hospital entered into an interest rate swap agreement to hedge against the risk of changes in interest rates associated with its variable rate mortgage. The terms of the swap contract have an initial notional value of \$5,200 (\$5,046 as June 30, 2023), and the Hospital pays a fixed rate of 5.33% and will receive a rate of the one-month SOFR CME term plus 1.8%. The swap expires in September 2032.

With respect to the Organization's Series 2012 Bonds, the registered owner (i.e. the trustee bank), in its sole discretion, shall have an option during the twelfth anniversary of the debt (March 2024) and ending one hundred eight (180) days after each such anniversary date, the option to tender the Series 2012 Bonds for mandatory purchase by the borrowers (i.e. the Organization) on or before the applicable tender option payment date. In March 2024, the bank retains its ability to exercise this option to August 2024. Therefore, the bonds have been reported as current debt.

Contacting the Hospital

This financial report is designed to provide customers and creditors with a general overview of the Organization's finances and to demonstrate the Organization's accountability for the resources at its disposal. Additional information is also available on the Organization's website at www.citytrusts.com. If you have any questions about this report or would like additional information, please contact:

The increase (decrease) in the fair value of the Organization's investments was \$6,708 and \$(10,876) during the years ended June 30, 2023 and 2022, respectively.

The increase in the fair value of the Organization's investment in surgery center was \$822 and \$987 during the years ended June 30, 2023 and 2022, respectively.

See accompanying notes to financial statements.

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022

(In thousands)

(1) Reporting Entity

Wills Eye Hospital (the Hospital), established in 1832 through a bequest of James Wills, a Quaker merchant, to the City of Philadelphia, is administered by the Board of Directors of City Trusts (the Board). The Hospital, located in Philadelphia, is a trust that owns and operates various facilities, through various component units, which provide medical services to area residents.

Blended Component Units

Component units that provide service exclusively to the Hospital whose governing bodies are substantially the same as that of the Hospital, whose total debt outstanding are expected to be repaid with resources of the Hospital, or who are organized as not-for-profits and the Hospital is the sole corporate member (business-type activities), are reported as if they were part of the Hospital, or blended into the Hospital's financial statements. They include the following:

- Wills Eye Foundation, Inc. (the Foundation), a domestic nonprofit corporation, established to solicit, collect, and administer charitable donations made in order to further the institutional objectives of the Trust under the Will of James Wills, as determined from time to time by the Board. The Hospital is the sole member of the Foundation.
- AASOP, Inc. (AASOP), a wholly owned subsidiary of the Hospital, established to own and operate physician practices.
- Wills Eye Surgical Network, L.L.C. (the Management Company), established to provide certain management services to the Ambulatory Surgery Centers (the Centers, see below). The Management Company is 99% owned by one of the Hospital's controlled corporations and 1% by the Hospital.
- Wills Eye Community Surgical Services Corp. (Services Corp.), Wills Community Services of Plymouth Meeting, Inc. (Services of Plymouth Meeting) and Wills Community Surgical Services of Cottman – Buxmont, Inc. (Services of Cottman – Buxmont), wholly-owned subsidiaries of the Hospital, established to be the majority owners of the Centers.
- Wills Eye Ophthalmology Clinic Inc. (WEOC), a wholly owned subsidiary of the Hospital, established to provide outpatient clinical services, which also owns and operates optical shops at the Hospital and other locations.
- Abbot, Inc. (Abbot), a wholly-owned subsidiary of the Hospital, established to own and operate real estate for leasing purposes.

Ambulatory Surgery Centers

The Centers were established to provide high-quality, cost-effective, outpatient surgical services at five locations more accessible to the Hospital's patients. The Hospital has developed its network of Centers to provide outpatient surgical services in the Delaware Valley area. The Centers provide both single-specialty (ophthalmology) and multispecialty services.

The Centers include Cherry Hill Ambulatory Surgical Center, LLC (Cherry Hill), Cottman Ambulatory Surgical Center, LLC (Cottman), Warminster Ambulatory Surgical Center, LLC (Warminster), Plymouth Meeting Ambulatory Surgical Center, LLC (Plymouth Meeting), and Stadium Campus Ambulatory Surgical Center, LLC (Stadium). The Centers represent partnerships, between the Hospital and

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022

(In thousands)

practicing physicians, of which the Hospital owns a majority of the respective outstanding shares. Additionally, the Hospital appoints the governing body of the Centers and management of the Centers is performed by employees of Services Corp. Therefore, the Centers meet the definition of a blended component unit.

The Hospital and its blended component units are collectively referred to as the Organization.

(2) Summary of Significant Accounting Policies

(a) Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accompanying financial statements were prepared in accordance with U.S. generally accepted accounting principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB). The Organization's activities are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

The Organization is reported as a special-purpose government engaged in business-type activities. Business-type activities are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

All significant transactions between the Hospital and its blended component units have been eliminated.

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) Operating and Non-Operating Revenues and Expenses

Operating revenues and expenses generally result from providing services in connection with the Organization's principal ongoing operations. Operating revenues primarily include patient service revenue, and other government grants and funding, whereas nonoperating revenues include contributions and investment income. Operating expenses include the cost of services provided, administrative expenses, and depreciation on capital assets whereas nonoperating expense includes interest on debt and other gains (losses).

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022

(In thousands)

(d) Cash and Cash Equivalents

Cash consists of on-hand petty cash and amounts in the Organization's operating bank accounts. The Organization considers all certificates of deposit and commercial paper with an original maturity of three months or less from the date of purchase to be cash equivalents, excluding amounts whose use is limited by board designation or other arrangements under trust or debt agreements. The Organization's deposits are insured by the Federal Deposit Insurance Corporation ("FDIC") (subject to the FDIC limit or \$250,000). Periodically during the years, cash and cash equivalents may have exceeded the FDIC limitation. As of June 30, 2023 and 2022, cash in the bank amounted to \$3,551 and \$3,221, respectively of which, \$1,450 and \$1,512, respectively, was uninsured.

(e) Patient Accounts Receivable

The Organization's accounts receivable are primarily comprised of amounts due from Medicare, Medicaid, managed care companies, self-pay patients and other third-party payors. The Organization evaluates the valuation of accounts receivable, based on analysis of historical collection trends, as well as its understanding of the nature and collectability of patient accounts, based on their age and other factors.

(f) Inventory

Inventory is stated at the lower of cost or market. Cost is determined by using the first-in, first-out method of accounting.

(g) Capital Assets

Capital assets consists of buildings, improvements and equipment and are recorded at cost. The Organization capitalizes assets that exceed \$5 and have a useful life greater than one year. Depreciation is provided over the following useful lives on a straight-line basis:

Buildings and improvements	5 – 40 years
Equipment	3 – 20 years

(h) Investments and Restricted Assets

Collective Legal Investment Fund (CLIF)

The CLIF is a pooled investment fund created for the collective investments managed by the Board. The Organization has no restrictions on withdrawals from the CLIF. The CLIF is a balanced portfolio primarily comprising equity securities, fixed income funds, short-term investments and alternative investments held in private equity investments. The Hospital has no authority to operate or govern the assets of these investments, it is not the guarantor of any debt obligations and does not have an ongoing financial responsibility. The Organization's investment in the CLIF is measured using net asset value (NAV) per share as a practical expedient to fair value. The CLIF issues stand-alone audited financial statements, which are available at www.citytrusts.com.

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022
(In thousands)

Money Market Accounts

The Organization holds money market accounts. As of June 30, 2023 and 2022, the Organization recorded \$5,868 and \$8,354, respectively, of money market accounts, of which, \$5,537 and \$7,747, respectively, exceeded the FDIC coverage and was uninsured.

(i) Investment in Surgery Center

The Organization holds a 38% interest in an ambulatory surgical center for which the Organization does not have an ongoing financial interest nor is it the guarantor of any debt obligations. The Organization accounts for this investment under the equity method.

(j) Interest Rate Swaps

The Organization records its interest rate swaps at fair value. The interest rate swaps are deemed to be effective hedging instruments, and the changes in fair value are recognized as deferred inflows/outflow of resources in the statements of net position. The fair value of the interest rate swaps are based on discounted cash flow models, with Level 2 inputs, including the value of the relevant market index, upon which the swaps are based. As such, the interest rate swaps are classified as Level 2 investments in the fair value hierarchy.

(k) Fair Value

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Level 1: Quoted prices in active markets for identical assets or liabilities; Level 1 assets and liabilities include debt and equity securities that are traded in an active exchange market, as well as U.S. Treasury securities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets and liabilities include debt securities with quoted market prices that are traded less frequently than exchange-traded instruments. This category generally includes certain U.S. government and agency mortgage-backed debt securities, corporate-debt securities, and alternative investments.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

At June 30, 2023 and 2022, the Organization's investments held in the CLIF are valued at NAV.

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022

(In thousands)

(l) Deferred Outflows or Inflows of Resources

Deferred outflows of resources are defined as a consumption of net assets by the government that is applicable to a future reporting period. Deferred inflows of resources are defined as an acquisition of net assets by the government that is applicable to a future reporting period. Deferred outflows of resources increase net position, similar to assets, and deferred inflows of resources decrease net position, similar to liabilities.

(m) Net Position

Net position represents the difference between the Organization's assets and deferred outflows of resources and liabilities and deferred inflows of resources.

Net investment in capital assets represents capital assets, reduced by accumulated depreciation and by any outstanding debt related to the acquisition, construction or improvement of those assets, including lease liabilities.

Restricted net position represents net position with restrictions imposed by external creditors, grantors, contributions, laws or regulations, or by law through constitutional provisions or enabling legislation. Nonexpendable includes permanent endowment which represents funds used to report resources that are legally restricted to the extent that only earnings may be used for purposes that support the Organization's programs (See Note 11 for more information on the Organization's permanent endowment). and also includes the minority interest in the Centers (\$23) and \$453 as of June 30, 2023 and 2022, respectively).

Unrestricted net position consists of net assets that do not meet the definition of "restricted" or "net investments in capital assets". When both restricted and unrestricted resources are available for specified expenditures, restricted resources are considered spent before unrestricted resources.

(n) Revenue

Patient Service Revenue

The Organization's patient service revenue is reported at the amount that reflects the consideration to which the Organization expects to be entitled in exchange for providing patient care in the period earned. These amounts are due from patients, third-party payers, and others and include an estimate of variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations.

The majority of the Organization's services are rendered to patients with third party coverage. Reimbursement under these programs for all payers is based on a combination of prospectively determined rates, discounted charges, and historical costs. Amounts received under Medicare and Medicaid programs are subject to review and final determination by program intermediaries or their agents and the contracts the Organization has with commercial payers also provide for retroactive audit and review of claims. Agreements with third-party payers typically provide for payments at amounts less than established charges.

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022

(In thousands)

Generally, patients who are covered by third-party payers are responsible for related deductibles and coinsurance, which vary in amount. The Organization also provides services to uninsured patients, and offers those uninsured patients a discount, either by policy or law, from standard charges. The Organization estimates the transaction price for patients with deductibles and coinsurance and from those who are uninsured based on historical experience and current market conditions. The initial estimate of the transaction price is recorded during the period in which the related services are rendered.

Consistent with the Organization's mission, care is provided to patients regardless of their ability to pay. Patients who meet the Organization's criteria for charity care are provided care without charge or at amounts less than established rates. The Organization maintains records to identify the level of charity care it provides. The amount of costs foregone for services, supplies, and wages furnished under its charity care policy totaled \$1,065 and \$976, during the years ended June 30, 2023 and 2022, respectively. Charity care is reported as a reduction to patient service revenue.

Grant Revenue

Grant revenue is recognized when all applicable eligibility requirements are met. Funds received before the eligibility requirements are met are reported as unearned revenue.

(o) Pension

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the net position of the Board of Directors of City Trusts Wills Eye Health System Non-Contributory Retirement Plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan.

For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. See Note 9 for further information.

(p) Leases

The Organization is a lessee or a lessor in various noncancelable leases of property for all of its clinical and office space, most of which are subject to triple-net leases. The Organization's real estate leases generally have initial terms of 5 to 15 years, and typically include one or more options to renew, with renewal terms that generally extend the lease term for an additional five years or more. Exercise of the renewal options is generally subject to the satisfaction of certain conditions, which vary by contract, and follow payment terms that are consistent with those in place during the initial term. The lease term is the non-cancelable period of the lease, inclusive of the option periods that the Organization is reasonably certain to exercise. The payment structure of the Organization's leases generally contains annual escalation clauses that are fixed in nature or variable based upon the consumer price index.

At lease commencement, lease liabilities and receivables are measured as the present value of the future lease payments expected to be made during the lease term using the Organization's incremental borrowing rate for collateralized borrowings. For all leases in which the Organization is the lessee, the lease asset is initially measured as the initial measurement of the lease liability plus initial direct costs

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022

(In thousands)

ancillary to placing the asset into service. For all leases in which the Organization is the lessor, the deferred inflow is initially measured as the initial measurement of the lease receivable plus any payments received at or before commencement less lease incentives paid at or before commencement.

Subsequent to lease commencement date, the lease liability or receivable is reduced by the principal portion of lease payments remitted or received, respectively. The lease asset (lessee) is amortized on a straight-line basis over the shorter of the lease term or useful life of the underlying asset, while the deferred inflow of resources (lessor) is amortized on a straight-line basis over the lease term.

The Organization monitors changes in circumstances that may require remeasurement of a lease. When certain changes occur that are expected to significantly affect the amount of the lease liability or lease receivable, it is remeasured and a corresponding adjustment is made to the lease asset or deferred inflow of resources, respectively.

Variable Lease Payments

Variable lease payments that are based on an index or a rate (such as the Consumer Price Index or a market interest rate) are included in the initial measurement of the lease liability or lease receivable using the index or rate as of the commencement date of the lease term.

Short-term Leases

For lease arrangements with a term of a maximum of twelve months or less at commencement, the Organization recognizes lease expense or income based on the provisions of the lease.

(q) Adoption of New Accounting Pronouncement

Effective July 1, 2021, the Organization adopted GASB Statement No. 87, *Leases* (GASB 87), which establishes a uniform approach for lease accounting based on the principle that leases are financings of the right-to use an underlying asset. In accordance with GASB 87, the lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and the lessor is required to recognize a lease receivable and deferred inflow of resources. GASB 87 also requires enhanced disclosure, which includes a general description of the leasing arrangement, the aggregate amount of resource inflows and outflows recognized from lease contracts, including those not included in the measurement of the lease liability and receivable.

At July 1, 2021, the Organization recognized right-to-use assets of \$12,539, lease liabilities of \$12,714, based upon the present value of the remaining rental payments. The applicable discount rates ranged from 1.1% to 4.4% which were based on the Organization's incremental borrowing rates. Additionally, for the lease in which the Organization is a lessor, the Organization also recorded a lease receivable of \$4,139 and deferred inflows of \$3,985, based upon the present value of the remaining rental receipts. The applicable discount rate of 3.2% was based on the Organization's incremental borrowing rate.

GASB Statement No. 96 (GASB 96), *Subscription-Based Information Technology Arrangements*, provides a more uniform accounting for subscription-based contracts to use vendor-provided information technology. The Organization adopted this standard on July 1, 2022 and the adoption did not have a material impact on its financial statements.

(In thousands)

(r) Reclassifications

Certain reclassifications of prior-year financial information presented herein for comparative purposes have been reclassified to conform to the current year presentation. The reclassifications had no impact on the decrease in net position for the year ended June 30, 2022.

(3) Significant Risks and Uncertainties

Revenue Sources

The Organization receives revenues from Medicare, Medicaid, managed care, self-pay patients and other third-party payors. The sources and amounts of the Organization's revenues are determined by a number of factors, including the mix of payors and varying contract reimbursement rates. Changes in the mix of payors can significantly affect the Organization's financial position.

The following table depicts the Organization's net patient services revenue, by source, for the years ended June 30, 2023 and 2022:

	2023	2022
Medicare	44 %	52 %
Medicaid	12	10
Managed care	27	28
Other third-party payors	15	8
Self-pay	2	2
	<hr/> 100 %	<hr/> 100 %

During the years ended June 30, 2023 and 2022, the Organization recorded revenue of \$7,932 and \$5,300, respectively, related to the supplemental payments made, by the Commonwealth of Pennsylvania, to qualifying hospitals. The revenues represented additional funding received for providing medical and surgical ocular services to Medicaid beneficiaries, as the Organization met the qualifications required by the program.

Concentration of Credit Risk

The Organization also experiences credit risk related to the concentration of its accounts receivable. However, management does not believe there are any other significant concentrations of credit risk as of

WILLS EYE HOSPITAL

Notes to Financial Statements

Depreciation expense on depreciable capital assets was \$3,607 and \$3,783 for the years ended June 30, 2023 and 2022, respectively. Amortization expense on the leased assets was \$2,494 and \$2,483 for the years ended June 30, 2023 and 2022, respectively.

(6) Debt

(a) Lines of Credit

The Organization has a revolving line of credit agreement with a bank, which provides that the Hospital may borrow up to \$5,000, until the line expires on August 15, 2024. Amounts outstanding under this line bear interest at the Daily 1-month Secured Financing Overnight Rate (SOFR), plus an applicable margin ranging from 2.0% to 2.5% (6.09% at June 30, 2023). The Hospital is required to pledge as collateral certain marketable securities with an adjusted (as defined) market value at least equal to the monthly outstanding balance. Such collateral is held in the CLIF. Subsequent to June 30, 2023, the maturity date on the line of credit was extended to August 15, 2024. At June 30, 2023 and 2022, the Hospital had outstanding borrowings of \$3,955 and \$985, respectively, under this line.

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022
(In thousands)

The Organization has a revolving line of credit agreement with a bank, which provides that one of the Centers may borrow up to \$750, until the line expires on August 15, 2024. Amounts outstanding under this line bear interest at the Daily Bloomberg Short-Term Bank Yield Index (BSBY) Rate plus an applicable margin of 1.35% (6.52% at June 30, 2023). At June 30, 2023 and 2022, the Hospital had outstanding borrowings of \$537 and \$0, respectively, under this line.

(b) Series 2012 Bonds

On March 1, 2012, the Hospitals and Higher Education Facilities Authority of Philadelphia (the Authority) issued Variable Rate Revenue Bonds, Series 2012, in the aggregate principal amount of \$15,000 (Series 2012 Bonds), with a final maturity date of November 1, 2030. The Series 2012 Bonds were concurrently purchased by a bank. The variable rate of the Series 2012 Bonds is a market rate based on SOFR plus 83 basis points (5.81% at June 30, 2023). The Series 2012 Bonds are collateralized by securities held in the CLIF. There are no principal payments required to be made under the Series 2012 Bonds until 2030.

However, the bank has an option during each of the periods commencing 90 days prior to (i) March 1, 2024 and (ii) March 1, 2029, and ending 180 days after each date, to tender the Series 2012 Bonds for mandatory purchase by the Hospital within 120 days from the date on which the notice is provided. Given that the bank has neither waived nor exercised its tender option, as of the date that the financial statements are available to be issued, and that such tender option is available to the bank through August 2024, the entire balance of the outstanding principal is recorded as current portion of long-term debt on the Organization's June 30, 2023 balance sheet.

(c) Committed Loan

In January 2014, the Organization converted an existing line of credit to a term loan requiring monthly principal and interest payments at a variable annual interest rate of SOFR plus 1.7% (6.86% as of June 30, 2023). Subsequent to June 30, 2023, the maturity date on the committed loan was extended to June 1, 2024. As of June 30, 2023 and 2022, the balance of the loan amounted to \$3,100 and \$3,426, respectively. The loan is collateralized by certain real estate.

(d) Commercial Bank Loans

The Organization has a term loan with a bank requiring monthly payments of principal and interest at a fixed annual interest rate of 2.27%, expiring April 2028. The loan is collateralized by securities held in the CLIF. As of June 30, 2023 and 2022, the balance of the loan amounted to \$879 and \$1,049, respectively.

The Organization has a term loan with a bank requiring monthly payments of principal and interest at an annual fixed interest rate of 3.95%, maturing July 2025. As of June 30, 2023 and 2022, the balance of the loan amounted to \$223 and \$315, respectively.

(e) Mortgage

On September 28, 2022, the organization entered into a \$5,200 loan, which matures on September 28, 2032, bears interest at an annual amount of one-month term SOFR plus 1.8% (6.96% at June 30, 2023) and requires monthly repayments of principal in amounts that amortize the loan over a 15-year

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022
(In thousands)

period. The mortgage is collateralized by capital assets. As of June 30, 2023, the balance of the loan amounted to \$5,046 and \$0, respectively.

(f) Bridge Loan

On March 13, 2023, the Organization received a \$1,000 bridge loan in anticipation of receiving a \$1,000 Pennsylvania Redevelopment Capital Assistance Program grant. The loan originally was set to expire March 13, 2024 but was extended to June 11, 2024 and bears interest at the one-month term SOFR rate plus 1.8% (6.96% at June 30, 2023). As of June 30, 2023, the balance of the loan amounted to \$1,000.

(g) Finance Agreements

The Organization has several finance agreements for equipment with balances ranging from \$0 to \$375, interest rates ranging from 2.1% to 11.7%, and maturity dates ranging from September 2023 to October 2028. As of June 30, 2023 and 2022, the balance of the finance agreements amounted to \$1,705 and \$750, respectively.

(h) Summary of Changes in Debt Obligations

A summary of debt activity for the years ended June 30, 2023 and 2022 follows:

Total	\$ 27,191	2,600	29,791

Future interest requirements for the Organization's variable-rate debt were determined using the interest rate in effect at June 30, 2023.

(j) Debt Covenants

The Organization's debt agreements contain financial, affirmative, and negative covenants, and events of default that are customary for debt securities of this type. The Organization was in compliance with all of its loan covenants as of June 30, 2023, except the requirement to deliver the June 30, 2023 audited financial statements within 150 days of year-end. The Organization obtained waivers for this covenant violation.

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022

(In thousands)

(7) Interest Rate Swaps

On March 1, 2012, the Hospital entered into an interest rate swap agreement to hedge against the risk of changes in interest rates associated with its variable rate Series 2012 Bonds. The terms of the swap contract have a notional value of \$15,000 and the Hospital pays a fixed rate of 5.81% and will receive a rate of 75% of the 30-day SOFR. The swap expires in November 2030.

On September 20, 2022, the Hospital entered into an interest rate swap agreement to hedge against the risk of changes in interest rates associated with its variable rate mortgage. The terms of the swap contract have an initial notional value of \$5,200 (\$5,046 as June 30, 2023), and the Hospital pays a fixed rate of 5.33% and will receive a rate of the one month SOFR CME Term plus 1.8%. The swap expires in September 2032.

The fair value of the interest rate swaps was \$2,817 and \$4,078 at June 30, 2023 and 2022, respectively. Changes in the fair value are reported as deferred outflows or inflows of resources in the statements of net position.

Under the interest rate swap agreements, the Hospital incurred net interest expense of \$434 and \$840 for the years ended June 30, 2023 and 2022, respectively. Net swap payments through the term of the swap are as follows: FY 2024 through FY 2028: \$290 per year, FY2029-2030: \$580 in total. Future net payments related to the interest rate swaps were determined based upon the terms in effect at June 30, 2023. However, as future rates vary, the variable interest rate payments on the net swap payments will also vary.

(a) Counterparty Risk

Interest rate swaps are also subject to counterparty risk which is the risk of loss of an amount expected to be delivered under an agreement in the event of the default or bankruptcy of the counterparty. Counterparty risk with swaps is limited by execution under the standardized International Swap and Derivatives Association Agreements. These contracts allow for the mutual exchange of collateral should an overall unsecured market value exceed a certain threshold.

(b) Credit Risk

As of June 30, 2023 and 2022, the Hospital was not exposed to credit risk on its interest rate swap contract since the swap had a negative fair value. However, should interest rates change and the fair value of the swap become positive, the Hospital would be exposed to credit risk in the amount of the swap's fair value.

(c) Interest Rate Risk

The Hospital will be exposed to interest rate risk only if the counterparty to the swap defaults or if the swap is terminated.

(8) Leases

Lessee:

A summary of changes in lease liabilities during the years ended June 30, 2023 and 2022 is as follows:

	2023				
	Beginning	Additions	Remeasure- ments	Deductions	Ending
Lease liabilities:					
Buildings	\$ 9,913	275	2,656	1,937	10,907
Equipment	620	206	—	261	565
Total lease liabilities	\$ 10,533	481	2,656	2,198	11,472
 2022					
	Beginning	Additions	Remeasure- ments	Deductions	Ending
Lease liabilities:					
Buildings	\$ 11,945	—	—	2,032	9,913
Equipment	769	85	—	234	620
Total lease liabilities	\$ 12,714	85	—	2,266	10,533

During the years ended June 30, 2023 and 2022, the Organization did not incur any expenses related to its leasing activities related to residual value guarantees, lease termination penalties or losses due to impairment.

The components of lease cost for the years ended June 30, 2023 and 2022 recognized as supplies and other expenses in the statements of revenues, expenses and changes in net position are as follows:

	2023	2022
Amortization of right-to-use asset	\$ 2,494	2,483
Interest on lease liabilities	539	360
Short-term lease expense	133	165
Variable lease expense	307	240
Total lease cost	\$ 3,473	3,248

Lease assets obtained in exchange for lease liabilities (exclusive of the date of adoption on July 1, 2021) amounted to \$3,137 and \$0, for the years ended June 30, 2023 and 2022, respectively.

2034 – 2037	1,716	132	1,584
Total	\$ 13,984	2,512	11,472

Lessor:

The components of lease income for the years ended June 30, 2023 and 2022 recognized as other revenue in the statements of revenues, expenses and changes in net position are as follows:

	2023	2022
Amortization of deferred inflows of resources	\$ 569	569
Short-term lease income	538	1,035
Variable lease income	118	129
Total lease income	\$ 1,225	1,733

(9) Retirement Plans

(a) Non-Contributory Plan

The Hospital participates in a defined-benefit retirement plan (the Plan), administered by the Board, which covers nonunion Hospital employees hired prior to September 10, 2010.

The Plan reports on a calendar year-end (December 31) and issues stand-alone audited financial statements. Additional information is available at www.citytrusts.com.

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022

(In thousands)

Plan participants who have attained age 65 are entitled to receive retirement benefits payable during their lifetime on the first day of each month following their retirement or termination of employment. Early retirement and survivor benefits are also available to participants.

For the years ended June 30, 2023 and 2022, the Organization's net pension asset was measured as of December 31, 2022 and 2021, respectively (the measurement date). The total pension liability used to calculate the net pension asset was determined by actuarial valuations as of January 1, 2022 and 2021, respectively, and rolled forward to the respective measurement dates.

Funding Policy

The Board contributes amounts as are necessary to provide the Plan with sufficient assets to meet the benefits to be paid to plan members, based upon amounts recommended by the Plan's actuary. Such amounts are determined in accordance with the projected unit credit actuarial cost method.

Benefits

Benefits are based on salary and years of service. Early retirement benefits are calculated by discounting the normal retirement benefit by an early retirement factor.

(1) Normal Retirement Benefit includes:

- (i) Accrued Benefit: The annual accrued benefit credited in the prior Contributory Plan as of the effective date of this Plan, if any, plus
- (ii) Past Service Benefit: 1% of annual pay on the effective date multiplied by years of service to the effective date, provided the members had not attained age 65 on the effective date, plus
- (iii) Future Service Benefit: 1.5% of final 5-year average pay multiplied by years of service from date of participation to retirement.

For non-union employees, 2.0% of final 5-year average pay multiplied by years of service from date of participation to retirement.

Monthly retirement income shall not exceed 50% of final monthly base pay and shall not be less than \$200 per month (as a single life annuity).

(2) Early Retirement Benefit: Income accrued to early retirement date as in (1) above, reduced 1/3 of 1% for each month by which the benefit commencement date preceded Normal Retirement Date.

(3) Deferred Vested Income: Income accrued to date of termination as in (1) above. Benefits commence at Normal Retirement Date or, if member has 15 or more years of service, as early as age 50 with benefits reduced as described in (2) above.

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022
(In thousands)

Plan Members Covered by Benefit Terms

The following members were covered by the respective benefit terms:

	2023	2022
Inactive members or beneficiaries currently receiving benefits	269	267
Inactive members entitled to, but not yet receiving benefits	141	147
Active members	15	16
Total	425	430

Expected Rate of Return on Investments

The long-term rate of return for the Plan's investments were determined using a building block method in which the best estimate ranges or expected real rates of return (i.e. expected returns, net of investment expenses, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term rate of return by weighting the expected real rates of return by the target asset allocation percentage and by adding expected inflation.

For the years ended June 30, 2023 and 2022, the target asset allocation and best estimates of real rates of return for each major asset class are summarized in the following table:

Asset class	Target asset allocation	2023	
		Long-term expected real rate of return	Long-term expected real rate of return
Domestic equity	50 %	6.5 %	6.5 %
International equity	10	6.6	6.6
Fixed income	30	3.5	3.5
Real estate/alternative	10	5.5	5.5
Total	100 %		

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022

(In thousands)

Asset class	2022	
	Target asset allocation	Long-term expected real rate of return
Domestic equity	50 %	6.4 %
International equity	10	6.6
Fixed income	30	3.3
Real estate/alternative	10	5.5
Total	100 %	

Actuarial Assumptions

For the years ended June 30, 2023 and 2022, the Plan's total pension liability was determined by an actuarial valuation, using the following actuarial assumptions applied to the period included in the measurement:

Projected salary increases	3.0% compounded annually
Investment rate of return	7.5% per annum, compounded annually, net of investment expenses
Inflation adjustment	3.0% compounded annually
Mortality	PRI-2012 Amount Weighted Mortality Table with 2021 MP generational scale

The actuarial assumptions used in the January 1, 2022 and 2021 valuations were based on the results of an actuarial experience study for the period January 1, 2011 to December 31, 2020.

Discount Rate

The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the rates applicable to each member and that employer contributions will be made at rates as determined by the actuary. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and non-active members. Therefore, the long-term expected rate of return on the Plan's investments was applied to all periods of projected benefit payments to determine the total pension liability.

Deferred Outflows/Inflows of Resources

At June 30, 2023 and 2022, the Hospital reported deferred outflows and inflows of resources related to the Plan from the following sources:

	2023	
	<u>Deferred outflows of resources</u>	<u>Deferred inflows of resources</u>
Net difference between projected and actual earnings on pension plan investments	\$ 4,222	—
Contributions subsequent to the measurement date	<u>750</u>	<u>—</u>
Total	<u>\$ 4,972</u>	<u>—</u>

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022

(In thousands)

	2022	
	Deferred outflows of resources	Deferred inflows of resources
Net difference between projected and actual earnings on pension plan investments	\$ —	4,692
Contributions subsequent to the measurement date	750	—
Total	\$ 750	4,692

As of June 30, 2023, deferred outflows of resources related contributions subsequent to the measurement date will be recognized as an increase to the net pension asset in the year ended June 30, 2024 but are not included in the table below.

Net deferred outflows (inflows) of resources will be recognized in pension expense as follows for the fiscal year ended June 30:

2024	\$ 67
2025	905
2026	1,273
2027	1,977
	\$ 4,222

(b) Defined Contribution Plans

The Centers offer their employees the right to participate in a 401(k) plan after completing one year of service and after having reached the age of 21. Employees may choose to defer 1% to 15% of their compensation that would have been received in the plan year. Employee contributions are fully vested at all times and are not subject to forfeiture for any reason. Participants who have completed one year of service and are actively employed on the last day of the plan year are eligible to receive a discretionary employer matching contribution.

The Organization has established a 403(b) plan with the same criteria as above which became effective as of July 1, 2002 for all new hires. For the years ended June 30, 2023 and 2022 the employer match for all eligible employees is 2.25% of an employee's compensation with a maximum compensation of \$270. The Organization contributed \$111 and \$104 to the 401(k) plan, and \$566 and \$431 to the 403(b) plan, during the years ended June 30, 2023 and 2022, respectively.

(10) Other Long-Term Liability

In June 2001, the Hospital transferred its leasehold interest in certain property and equipment to a third party through the form of a 35-year lease agreement. In July 2002, the Hospital entered into a sublease for the leasehold interest, which included a 25-year initial term and two optional 5-year term extensions, as well as an option to purchase the assets at any time during the sublease term. Given the substance of the

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022

(In thousands)

transaction was such that control of the assets was retained by the Hospital, the transaction was deemed to represent a financing, rather than a sale of the property and equipment. As such, the assets and accumulated depreciation remained on the Hospital's balance sheet and continue to be depreciated over their remaining useful lives; and the proceeds received from the transaction were recorded as an other long-term liability. The other long-term liability bore an imputed interest rate of 7.1% and was payable over the term of the sublease.

During the year ended June 30, 2023, the Hospital obtained a mortgage on the property and used a portion of the proceeds to repay the remaining liability outstanding as of the date of the transaction. The Organization incurred a fee of \$1,038 to complete this refinancing. As of June 30, 2023 and 2022, the balance of the other long-term liability amounted to \$0 and \$3,752, respectively.

(11) Endowments

The Organization's endowment consists of approximately 30 individual funds established for a variety of purposes by donors. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

(a) Interpretation of Relevant Law

Pennsylvania law permits the Board to make an election to annually appropriate for expenditure a selected percentage between 2% and 10% of the fair value of the assets related to permanent endowment funds averaged over a period of three or more preceding years, provided the Board has determined that such percentage is consistent with the long-term preservation of the real value of such assets.

(b) Spending Policy and How the Investment Objectives Relate to Spending Policy

The Organization has a policy of appropriating for distribution each year up to 5% of its endowment funds based on the average market value over the prior 20 quarters preceding each December 31. In establishing this policy, the Organization considered the long-term expected return on its funds. This is consistent with the Organization's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return. The spending rate for the year ended June 30, 2023 was 5% for endowment funds.

(c) Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets that the Organization must hold in perpetuity or for a specified period. The Organization expects its endowment funds, over time, to provide an average rate of return of 8% annually. Actual returns in any given year may vary from that amount.

WILLS EYE HOSPITAL

Notes to Financial Statements

June 30, 2023 and 2022
(In thousands)

(13) Commitments and Contingencies

General

The healthcare industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Government activity has continued with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers. Violations of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed.

Malpractice Insurance

The Organization carries medical malpractice insurance from various commercial insurers, as well as excess coverage for claims that exceed the primary limits. The Organization's accrual for estimated medical malpractice claims was \$411 and \$408 at June 30, 2023 and 2022, respectively. This includes estimates of the ultimate costs for both reported claims and claims incurred, but not reported, and is included in other liabilities on the statements of net position.

(14) Subsequent Events

The Organization has evaluated subsequent events through May 23, 2024, which is the date that the accompanying financial statements were available to be issued. Other than the transactions previously disclosed herein, no subsequent events have occurred that would require recognition or disclosure in these financial statements.

Independent Auditors' Report

The Members of the Board
The Board of Directors of City Trusts:

Opinion

We have audited the financial statements of the Collective Legal Investment Fund of the Board of Directors of City Trusts (CLIF) as of and for the years ended December 31, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the CLIF's basic financial statements for the years then ended as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the fiduciary net position of the CLIF as of December 31, 2023 and 2022, and the changes in its fiduciary net position for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the CLIF and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the CLIF's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the CLIF's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the CLIF's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

U.S. generally accepted accounting principles require that management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

The following discussion and analysis of the Collective Legal Investment Fund ("CLIF") provides an overview of the financial activities of the CLIF for the years ended December 31, 2023 and 2022.

The information contained within this Management's Discussion and Analysis is only a component of the entire financial statement report. Readers should take time to read and evaluate all sections of the report, including the financial statements themselves, and the Notes to the Financial Statements that are provided in addition to this Management's Discussion and Analysis.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction into the CLIF's basic financial statements. The CLIF is considered a fiduciary fund (Investment Trust) in accordance with Governmental Accounting Standards Board Statement No. 34. Fiduciary funds are used to account for resources held for the benefit of parties outside a government. The CLIF's basic financial statements comprise the statements of fiduciary position, statements of changes in fiduciary net position, and notes to the financial statements.

Statements of Fiduciary Net Position

These statements are used to account for resources held in a trustee or agency capacity for others and are not available for the support of any government programs. These statements present the total assets held less any liabilities to report the net position held in trust for the CLIF. Investments and are shown at fair value and all other assets and liabilities are determined on an accrual basis.

Statements of Changes in Fiduciary Net Position

These statements present the total additions to the CLIF in the form of investment income, securities lending income and deposits to investment fund, less any deductions for expenses or withdrawals from investment fund to arrive at a change in fiduciary net position for the years then ended.

Notes to the Financial Statements

The notes to the financial statements are an integral part of the financial statements providing additional detail that is essential to a full understanding of the financial statements.

Financial Highlights

For the year ended December 31, 2023, the CLIF's fiduciary net position increased by \$58.9 million (10%) compared to a decrease of \$158.3 million (21%) in 2022. The increase was primarily due to favorable market conditions.

For the year ended December 31, 2022, the CLIF's fiduciary net position decreased by \$158.3 million (21%) compared to an increase of \$116.6 million (19%) in 2021. The decrease was primarily due to unfavorable market conditions combined with withdrawals from the fund totaling \$83.1 million, of which, one withdrawal was a significant withdrawal of approximately \$55.8 million.

COLLECTIVE LEGAL INVESTMENT FUND

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

Financial Information

The following table is a summary of the Statements of Fiduciary Net Position, as of December 31, 2023 and 2022, respectively with comparative information as of December 31, 2021:

	2023	2022	2021
Assets:			
Cash	\$ 2,271,978	2,010,482	1,285,100
Investment income receivable	1,736,475	1,945,477	1,609,198
Other receivables	1,444,635	77,572	102,823
Collateral received for securities on loan	84,624,759	125,659,422	46,599,255
Investments	<u>637,008,237</u>	<u>579,320,865</u>	<u>738,090,077</u>
Total assets	<u>727,086,084</u>	<u>709,013,818</u>	<u>787,686,453</u>
Liabilities:			
Accrued expenses	886,196	711,989	1,117,104
Due to participating trusts	2,272,025	2,266,934	1,272,638
Payable for securities on loan	<u>84,624,759</u>	<u>125,659,422</u>	<u>46,599,255</u>
Total liabilities	<u>87,782,980</u>	<u>128,638,345</u>	<u>48,988,997</u>
Net position held in trust	<u>\$ 639,303,104</u>	<u>580,375,473</u>	<u>738,697,456</u>

During the year ended December 31, 2023, the various stock market indices all experienced increases which had a direct impact on the CLIF's investments, which increased by approximately \$57.7 million (10%). This increase was due to unrealized appreciation of approximately \$80.5 million, realized gains of approximately \$11.8 million for investment sales and net investment income of approximately \$10.4 million. This was offset by withdrawals from the fund of approximately \$44.8 million.

During the year ended December 31, 2022, the various stock market indices all experienced decreases which had a direct impact on the CLIF's investments, which decreased by approximately \$158.8 million (21%) due to unrealized depreciation of approximately \$127.6 million, combined with significant withdrawals from the fund of approximately \$83.1 million. This was offset by realized gains of approximately \$11.0 million for investment sales, deposits into the CLIF of approximately \$31.1 million, and net investment income of approximately \$10.3 million.

Receivables relate to timing differences on trade and settlement dates for investment securities at year-end. Accrued expenses related to investment manager fees vary based on market performance.

As of December 31, 2023, collateral for securities on loans decreased by approximately \$41.0 million due to a reduction in the securities on loan. There is a corresponding offset to the payable for securities on loan as well. As of December 31, 2022, collateral for securities on loans increased by approximately \$79.1 million due to an increase in the securities on loan. There is a corresponding offset to the payable for securities on loan as well.

COLLECTIVE LEGAL INVESTMENT FUND

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

The following table is a summary of the Statements of Changes in Fiduciary Net Position for the years ended December 31, 2023 and 2022, respectively, with comparative information for the year ended December 31, 2021:

	2023	2022	2021
Additions:			
Investment income (loss):			
Investment income, net of investment			
management fees	\$ 10,358,468	10,275,010	8,134,367
Net appreciation (depreciation) of investments	92,254,827	(116,599,678)	94,930,538
Total investment income (loss)	102,613,295	(106,324,668)	103,064,905
Deposits to investment fund	1,108,494	31,057,259	30,861,632
Total additions	103,721,789	(75,267,409)	133,926,537
Deductions:			
Withdrawals from investment fund	(44,794,158)	(83,054,574)	(17,311,060)
Total deductions	(44,794,158)	(83,054,574)	(17,311,060)
Net (decrease) increase	\$ 58,927,631	(158,321,983)	116,615,477

During the year ended December 31, 2023, net investment income remained relatively flat at approximately \$10.4 million. Fair value of investments increased by approximately \$208.9 million due to favorable market conditions.

During the year ended December 31, 2022, net investment income increased by approximately \$2.1 million due to increases in interest rates on fixed income securities. Fair value of investments decreased by approximately \$211.5 million due to unfavorable market conditions.

During the year ended December 31, 2023, there were minimal deposits in the CLIF of approximately \$1.1 million compared to deposits of approximately \$31.1 million during 2022 and 2021, respectively, from the Estate of Stephen Girard, Deceased (Girard Estate) due to proceeds from sales of real estate investments which were then invested in the CLIF.

Withdrawals from the investment fund fluctuate from year to year based upon the needs of each investor trust, and there was a decrease of approximately \$38.3 million in 2023 compared to 2022.

During the year ended December 31, 2022 there was an increase of approximately \$65.7 million in withdrawals compared to 2021 due to withdrawals of approximately \$55.8 million by Girard Estate during 2022 for the purchase of new real estate investments.

COLLECTIVE LEGAL INVESTMENT FUND

Notes to Financial Statements

December 31, 2023 and 2022

(1) Summary of Significant Accounting Policies

(a) Description of the Entity

The Collective Legal Investment Fund (the CLIF) was created by the Board of Directors of City Trusts (the Board) to pool for investment management purposes the collective assets of the trusts it manages, including certain assets of the Estate of Stephen Girard, Deceased (Girard Estate), Wills Eye Institute, the three retirement plans of the Board, and 117 smaller trusts collectively referred to as the "Sundry Trusts." The financial statements of the CLIF are not intended to represent all assets, liabilities, and activities of the investor trusts, only their collective investments in securities through the CLIF and related income, expenses, gains, and losses.

(b) Basis of Accounting

The basic financial statements of the CLIF have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB).

The CLIF is classified as an Investment Trust Fund. The basic fiduciary fund financial statements include a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position.

The CLIF uses the accrual basis of accounting where the measurement focus is on the flow of economic resources. Revenues are recognized in the period in which they are earned, and expenses are recognized in the period incurred.

(c) Cash

Cash consists of cash on hand and deposits.

All the CLIF's' deposits are insured by the Federal Deposit Insurance Corporation ("FDIC") (subject to the FDIC limit or \$250,000 per plan per member) and/or collateralized by securities held by a financial institution separate from the CLIF's depository financial institution. However, the CLIF's cash balances can exceed FDIC insured limits. As of December 31, 2023 and 2022, cash in the bank amounted to approximately \$4.2 and \$2.3 million, respectively, of which, approximately \$4.0 and \$2.0 million, respectively, was uninsured.

(d) Investments

Investments, including short-term, equity and fixed income securities as well as real estate investments are reported at fair value, as described in note 2. Purchases and sales of securities are reflected on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis.

Private equity funds are reported at fair value as estimated and reported by general partners and investment managers, based upon the underlying net asset value (NAV) of the fund or partnership as a practical expedient of fair value. Adjustments are required when the CLIF expects to sell the investment at a value other than NAV.

COLLECTIVE LEGAL INVESTMENT FUND

Notes to Financial Statements

December 31, 2023 and 2022

(e) Deposits to Investment Fund

From time to time, the CLIF will receive deposits from the Girard Estate, Wills Eye Institute, or from the Sundry Trusts.

(f) Withdrawals from Investment Fund

Units of the CLIF are generally purchased and sold based on the available cash and cash requirements of each of the participating investor trusts. Earnings from the CLIF are allocated to each participating investor trust on a monthly basis. Gains and losses from the sales of such units are determined on the last-in, first-out (LIFO) method. Withdrawals from the CLIF are used by the investor trusts for the purposes established by the creator of the trust. Expenditures by the investor trusts in fulfillment of trust purposes are not included in the financial statements of the CLIF.

(g) Income Taxes

Income earned by the CLIF is not subject to federal income tax.

(h) Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Fair Value Measurements

The CLIF categorizes its fair value measurements within the fair value hierarchy established by GAAP. Three levels of inputs may be used to measure fair value as follows:

- *Level 1:* Quoted or published prices in active markets for identical assets or liabilities. Level 1 assets include U.S. Treasury debt and equity securities, including exchange traded funds, international equity and fixed income mutual funds, that are traded in an active exchange market, as well as U.S. Treasury securities.
- *Level 2:* Observable inputs other than Level 1 prices such as quoted or published prices for similar assets and liabilities, quoted or published prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets include debt securities with quoted market prices that are traded less frequently than exchange-traded instruments. This category generally includes certain U.S. municipal and foreign government and agency asset and mortgage-backed debt securities and corporate debt securities.
- *Level 3:* Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. Level 3 assets include real estate investments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

COLLECTIVE LEGAL INVESTMENT FUND

Notes to Financial Statements

December 31, 2023 and 2022

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The types of investments held by the CLIF are described as follows:

(a) Short-term Investments

Short-term investments consist of cash equivalents and highly liquid investments, which are readily convertible to known amounts of cash and which have original maturities of three months or less when purchased.

(b) Equity Securities

Equity securities, exchange-traded funds and international equity mutual funds traded on a national securities exchange (or reported on the NASDAQ national market) are stated at the last reported sales price on the day of valuation. To the extent these securities are actively traded, they are categorized in Level 1 of the fair value hierarchy.

(c) Debt Securities

U.S. government and other debt securities are valued at the closing price reported in the active market in which the security is traded, if available, and categorized in Level 1 of the fair value hierarchy. If such information is not available, debt is valued based on yields currently available on comparable securities for issuers with similar credit ratings and characterized in Level 2 of the fair value hierarchy.

Listed asset-backed securities are valued based on quoted or published market prices from the active market in which the instrument is principally traded and are categorized in Level 1 of the fair value hierarchy.

If such quoted or published prices are not available, the fair value of the security is estimated based on models considering the estimated cash flows and expected yield. Such investments are categorized as Level 2 based on the extent inputs are observable and timely.

(d) Real Estate Investments

The CLIF is a limited partner in investments that own diversified real estate assets. The CLIF has no authority to operate or govern the assets of these limited partnerships, it is not the guarantor of any debt obligations, and does not have an ongoing financial responsibility. The CLIF is entitled to preferred cumulative dividends and/or operational cash flow from net operating income. Real estate investments are reported at fair value and considered Level 3 investments in the fair value hierarchy table.

(e) Private Equity Funds

NAVs provided by limited partnership investees are based on audit financial statements, estimates, appraisals, assumptions, and methods that are reviewed by CLIF management. The CLIF estimates the fair value of its limited partnership investments using the NAV per share as reported by the investee as a practical expedient. Private equity funds, which are measured at NAV per share as a practical expedient to fair value, have not been categorized in the fair value hierarchy table below. The amounts presented in the table for these investments are intended to permit reconciliation of the fair value hierarchy table to the investment amounts presented in the financial statements.

COLLECTIVE LEGAL INVESTMENT FUND

Notes to Financial Statements

December 31, 2023 and 2022

As of December 31, 2023 and 2022, private equity investments consisted of the following:

Investment type	2023		Redemption frequency

Notes to Financial Statements

December 31, 2023 and 2022

(3) Investment Risks

The CLIF employs an independent investment consultant as an investment advisor. The CLIF utilizes several investment managers to manage the debt and equity portfolios. The managers are regularly reviewed, with regard to both their investment performance and their adherence to investment guidelines. The CLIF does not possess an investment risk policy, nor does it actively manage assets to specified risk targets. Rather, investment risk management is an inherent function of the asset allocation process. Assets are diversified over a broad range of asset classes and encompass multiple investment strategies aimed at limiting concentration risk. The following describes the CLIF's various investment risks:

(a) Credit Risk

The risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit risk of a debt instrument is measured by nationally recognized statistical rating agencies such as Moody's Investors Services (Moody's), Standard and Poor's (S&P), and Fitch Ratings (Fitch). The following table discloses the aggregate fair value of fixed income investment holdings exposed to credit risk, excluding fixed income mutual funds as they are not rated, by the least favorable credit rating as of December 31, 2023 and 2022 by debt category (in thousands):

	2023						
	Aaa	Aa	A	Baa	Ba-B3	Unrated	Total
Municipal bonds	\$ 1,255	7,218	1,841	—	—	—	10,314

COLLECTIVE LEGAL INVESTMENT FUND

Notes to Financial Statements

December 31, 2023 and 2022

(b) Custodial Credit Risk

The risk that in the event of a failure of the counterparty or depository financial institution, the CLIF will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are not registered in the name of the CLIF and are held by either the counterparty or the counterparty's trust department or agent but not in the name of the CLIF.

Consistent with the CLIF's investment policy, the investments are held by the CLIF's custodian and registered in the name of the CLIF.

(c) Interest Rate Risk

The risk that the value of debt securities will be affected by fluctuations in market interest rates. Although there is no formal interest rate risk management policy, the duration of the portfolio, relative to the duration of the portfolio's benchmark, is monitored by the CLIF. The lengths of investment maturities (in years) of the investments, as shown by the percent of the rated portfolio at December 31, 2023 and 2022 follow (in thousands):

Investment type	2023				
	Investment maturities (in years)				
	Fair value	Less than 1 Year	1 – 5 years	6 – 10 years	More than 10 years
U.S. Treasury bonds and notes	\$ 47,133	2,519	15,340	8,707	20,567

Percent of portfolio		28.1 %	9.3 %	7.8 %	6.3 %

COLLECTIVE LEGAL INVESTMENT FUND

Notes to Financial Statements

December 31, 2023 and 2022

(d) Foreign Currency Risk

The risk that changes in the exchange rates will adversely impact the fair value of an investment. Currency risk is present in underlying portfolios that invest in foreign bonds. In general, currency exposure is viewed as a benefit for its diversification reasons and not as an inherent risk within the portfolio. Foreign currency exposures of the investments as of December 31, 2023 and 2022 follow (in thousands):

Trade currency	2023	2022
Philippines PHP	\$ 54	55

(e) Concentration Risk

No investment in any individual company may represent more than 5% of the CLIF's total fiduciary net position or 5% of the company's total outstanding shares. Exclusions apply for obligations of the United States, or those for which the faith of the United States is pledged to provide payment of the interest and principal.

(4) Securities on Loan

The CLIF participates in a securities lending program as a means to generate incremental income. Through this program, the CLIF may lend its securities to qualified borrowers, through its lending agent, that meet certain guidelines established by the Board. All borrowings are initially secured by collateral in an amount equal to at least 102% of the fair value of the securities loaned and are marked to market daily. Each business day, the amount of collateral is adjusted based on the prior day's closing fair value.

The collateral is primarily invested in cash and cash equivalents. Income from lending activity is determined by the amount of interest earned on the invested collateral, a portion of which is allocated to the lending agent. The CLIF is also entitled to receive interest and dividends from securities on loan.

As of December 31, 2023 and 2022, the CLIF credit risk exposure to borrowers was limited because the amounts owed to the borrowers exceeded the amounts the borrowers owed back to the CLIF. The contracts with the CLIF's Securities Lending Agent (the "Agent") require the Agent to indemnify the CLIF. In the situation when a borrower goes into default, the Agent will liquidate the collateral to purchase replacement securities. Any shortfall before the replacement securities cost and the collateral value is covered by the Agent.

Cash received as collateral on securities lending transactions and investments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the entity has the ability to pledge or sell them without a borrower default. Accordingly, the CLIF recorded the investments purchased with the cash collateral as collateral from securities lending with a corresponding liability for securities lending. As of December 31, 2023 and 2022, the CLIF had loaned out certain securities, returnable on demand, with a fair value of approximately \$82.8 million and \$123.0 million respectively to several financial institutions that have deposited collateral with respect to such securities with a fair value of approximately \$84.6 million and \$125.7 million, respectively. As of December 31, 2023 and 2022 this collateral was held in cash and cash equivalents. All income for securities on loan is included with investment income in the statements of changes in fiduciary net position.

Independent Auditors' Report on Supplementary Information

The Members of the Board
The Board of Directors of City Trusts:

We have audited the financial statements of Collective Legal Investment Fund of the Board of Directors of City Trusts (CLIF) as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the CLIF's basic financial statements for the year then ended, and have issued our report thereon dated September 6, 2024, which contained an unmodified opinion on those basic financial statements. Our audit was performed for the purpose of forming an opinion on the basic financial statements as a whole. The supplementary schedules of statements of fiduciary net position and changes in fiduciary net position (Sundry Trusts) are presented for the purpose of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

ANTONIO SAULINO FUND

Created 1957

"To pay and distribute the income now on hand or thereafter accruing to poverty-stricken musicians who were members of the Philadelphia Musical Association for three years immediately prior to its dissolution"

By Decree of the Orphans' Court, dated March 14, 1972, distribution may be made among needy members of the Philadelphia Musical Society.

By Decree of the Orphans' Court, dated March 23, 1978, accumulated income may be distributed to students at schools of music or vocal arts in Philadelphia.

By Decree of the Orphans' Court, dated December 8, 2003, the limit for individual grants to needy former members of the Philadelphia Musical Association or Philadelphia Musical Society is increased to \$3,000 per individual per year. The limit for grants to needy current members of those organizations is increased to \$1,000 per individual per year. The limit for grants to needy students enrolled in music or vocal arts schools in Philadelphia is increased to \$1,000 per individual per year. The period of all grants is not to exceed two consecutive years unless approved by the court upon good cause shown.

ELIZABETH F. WARDER FUND

Created 1953

By adjudication, dated April 2, 1953, the Orphans' Court of Philadelphia County awarded one-third of the estate to the Board of Directors of City Trusts with the following direction:

"... to expend the Fund, principal, and income to and among such former members of the Fire Department as were disabled in the line of duty and are now receiving pension. The Board of City Trusts shall accept from year to year the designation of the eligible individuals by the commissioner of Fire. The amount to be distributed until the Fund is exhausted shall be at the rate of 10% of the pension payable to each recipient annually. Final payment shall be made pro rata among those eligible to receive the funds in the year when the same shall be exhausted."

Independent Auditors' Report

The Members of the Board
Board of Directors of City Trusts:

Opinion

We have audited the financial statements of the Board of Directors of City Trusts Contributory Retirement Plan (the Plan), a component unit of the Estate of Stephen Girard, Deceased, as of and for the years ended December 31, 2023 and 2022, and the related notes to the financial statements, which comprise the Plan's basic financial statements for the years then ended as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the fiduciary net position of the Plan as of December 31, 2023 and 2022, and the changes in fiduciary net position for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis and the required supplementary information in schedules 1 through 3 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

CONTRIBUTORY RETIREMENT PLAN**

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

The following discussion and analysis of the Board of Directors of City Trusts Contributory Retirement Plan, a component unit of the Estate of Stephen Girard, Deceased, ("Plan") provides an overview of the financial activities of the Plan for the years ended December 31, 2023 and 2022.

The information contained within this Management's Discussion and Analysis is only a component of the entire financial statement report. Readers should take time to read and evaluate all sections of the report, including the Notes to the Financial Statements that is provided in addition to this Management's Discussion and Analysis.

The Plan is a single-employer defined benefit plan for certain employees of the Estate of Stephen Girard, Deceased of the Board of Directors of City Trusts acting for the City of Philadelphia, Trustee (the "Board"). The Plan covers certain union employees, hired prior to December 20, 2019, who have completed one year of service regardless of age and whose union contract does not provide benefits under either a union pension plan or the Board's noncontributory plans.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction into the Plan's financial statements. The Plan is considered a fiduciary fund in accordance with governmental accounting standards. Fiduciary funds are used to account for resources held for the benefit of parties outside a government. The Plan's financial statements comprise the statements of fiduciary net position, statements of changes in fiduciary net position, notes to the financial statements, and required supplementary information.

Statements of Fiduciary Net Position

These statements for the years ended December 31, 2023 and 2022, are used to account for resources held in a trustee or agency capacity for others and are not available for the support of any government programs. These statements present the total assets held less any liabilities to report the net position restricted for pension benefits for the Plan. Investments are shown at fair value and all other assets and liabilities are determined on an accrual basis.

Statements of Changes in Fiduciary Net Position

These statements present the results of activities during the years ended December 31, 2023 and 2022. Activities include additions of employer and employee contributions, investment income, net appreciation of investments, and deductions including benefit payments and administrative expenses to determine the change in net position restricted for pension benefits for the year.

Notes to the Financial Statements

The notes to the financial statements are an integral part of the financial statements providing additional detail that is essential to a full understanding of the financial statements.

Required Supplementary Information

This information is not audited and includes management's discussion and analysis (this section), a schedule of changes in the employer's net pension asset and related ratios, a schedule of employer contributions, a schedule of investment returns, and the notes to required supplementary information.

**BOARD OF DIRECTORS OF CITY TRUSTS
CONTRIBUTORY RETIREMENT PLAN**

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

Financial Highlights

The Plan's net position restricted for pension benefits increased approximately \$1.2 million (15%) in 2023 compared to a decrease of approximately \$1.3 million (14%) in 2022. The increase in net position in 2023 and the decrease in net position in 2022 are a result of favorable and unfavorable market conditions, respectively, on the Plan's investments.

In 2022 the Plan's net position restricted for pension benefits decreased approximately \$1.3 million (14%) compared to an increase of approximately \$1.3 million (16%) in 2021. The decrease was primarily due to unfavorable market conditions and fluctuations of investment returns.

Condensed Financial Information

The following schedule is a summary of the December 31, 2023 and 2022 Statements of Fiduciary Net Position with comparative information as of December 31, 2021:

Fiduciary Net Position

	2023	2022	2021
Investments	\$ 8,914,978	7,498,184	8,882,724
Net other assets and liabilities	114,224	344,643	224,394
Net position restricted for pension benefits	\$ 9,029,202	7,842,827	9,107,118

During the year ended December 31, 2023 the various stock market indices experienced increases which had a direct impact on the Plan's investments which increased by approximately \$1.4 million (19%) compared to 2022. However, for the year ended December 31, 2022, the market indices were unfavorable which decreased the Plan's investments by approximately \$1.4 million (16%) compared to 2021.

**BOARD OF DIRECTORS OF CITY TRUSTS
CONTRIBUTORY RETIREMENT PLAN**

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

The following schedule is a summary of the Statements of Changes in Fiduciary Net Position for the years ended December 31, 2023 and 2022 with comparative information for the year ended December 31, 2021:

Changes in Fiduciary Net Position

	2023	2022	2021
Additions:			
Contributions	\$ 238,883	443,823	446,384
Net investment income (loss)	<u>1,391,761</u>	<u>(1,253,490)</u>	<u>1,263,337</u>
Total additions	<u>1,630,644</u>	<u>(809,667)</u>	<u>1,709,721</u>
Deductions:			
Benefit payments, including return of employee contributions	386,527	376,859	392,897
Administrative expenses	<u>57,742</u>	<u>77,765</u>	<u>51,133</u>
Total deductions	<u>444,269</u>	<u>454,624</u>	<u>444,030</u>
Increase (decrease) in net position restricted for pension benefits	<u>\$ 1,186,375</u>	<u>(1,264,291)</u>	<u>1,265,691</u>

Due to favorable market conditions, net investment income (loss) increased approximately \$2.6 million in 2023 compared to 2022. Contributions during 2023 decreased approximately \$205,000 (46%) compared to 2022 due to the reduction of the Plan's actuarially required employer contribution for 2023.

Due to unfavorable market conditions, net investment income (loss) decreased approximately \$2.5 million in 2022. Contributions during 2022 remained relatively flat at approximately \$444,000 compared to 2021.

In 2023 benefit payments increased approximately \$9,700 (3%) due to one new plan member receiving benefits compared to 2022. In 2022 benefit payments decreased by approximately \$16,000 (4%) due to a decrease of one plan member receiving benefits compared to 2021. Administrative expenses decreased in 2023 by approximately \$20,000 (26%) and increased in 2022 by approximately \$26,600 (52%) due to audit and consultant fees related to the change in presentation and preparation of the financial statements that occurred in 2022.

Plan Investments

The Plan's investment policy is to invest in the Collective Legal Investment Fund (CLIF) which was created by the Board to pool for investment management purposes the collective assets of the trusts it manages, including certain assets of this Plan, the Estate of Stephen Girard, Deceased, Wills Eye Hospital, two other retirement plans of the Board, and the 117 smaller trusts. The CLIF is a balanced portfolio primarily comprising equity securities, fixed income funds, short-term investments, real estate investments, and alternative investments held in private equity investments. All of the Plan's investments are held in the CLIF. As of December 31, 2023, 2022 and 2021, the Plan owned 60,754 units (approximately 1.4% of total CLIF units), 59,412 units (approximately 1% of total CLIF units), and 59,412 units (approximately 1.2% of total CLIF units) respectively.

**BOARD OF DIRECTORS OF CITY TRUSTS
CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

(a) General

The Board of Directors of City Trusts Contributory Retirement Plan (the Plan) is a single-employer defined benefit plan for certain employees of the Estate of Stephen Girard, Deceased of the Board of Directors of City Trusts acting for the City of Philadelphia, Trustee (the Board). The Plan covers certain union employees, hired prior to December 20, 2019, who have completed one year of service regardless of age and whose union contract does not provide benefits under either a union pension plan or the Board's noncontributory plan. All administrative expenses are paid out of plan assets. Participants should refer to the plan document for more complete information.

(b) Board of Directors

The Board of Directors are appointed by the Judges of Courts of Common Pleas of Philadelphia and consists of fourteen members of which twelve have voting rights.

(c) Contributions

Members are required to contribute to the Plan at approximately 1.7% of the first \$3,600 plus 4.25% of the excess over \$3,600 of the annual rate of earnings on each January 1 according to salary class, contributed pro rata throughout the calendar year, while employed. In addition, the Board contributes amounts as are necessary to provide the Plan with sufficient assets to meet the benefits to be paid to plan members, based upon amounts recommended by the Plan's actuary. Such amounts are determined in accordance with the projected unit credit actuarial cost method. Members contribute amounts based on salary terms, as defined in the plan agreement.

(d) Benefits

Plan participants who have attained age 65 are entitled to receive retirement benefits payable during their lifetime on the first day of each month following their retirement or termination of employment. Early retirement and survivor benefits are also available to participants.

Benefits are based on cumulative employee contributions required by the Plan determined on career salary levels. Benefits payable upon early retirement are computed in the same manner as normal retirement benefits; however, early retirement benefits are discounted by an early retirement factor.

(1) Normal Retirement Benefit:

- (i) Service Benefit: Approximately 1.1% of the first \$3,600 plus 2.75% of the excess over \$3,600 of the annual rate of earnings on each January 1 according to salary class.
- (ii) Minimum Benefit: \$2,400 annually.

(2) Early Retirement Benefit: Retirement benefit accrued to early retirement date, as in (1) above, and reduced 4% for each year that retirement precedes age 65.

**BOARD OF DIRECTORS OF CITY TRUSTS
CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

- (3) Postponed (Late) Retirement Benefit: For active members, the Retirement Benefit accrued to Postponed Retirement Date. For inactive members, the retirement benefit as in (1) above, accrued to Normal Retirement Date is increased 1/3 of 1% for each month that benefit commencement exceeds Normal Retirement Date.
- (4) Deferred Vested Benefit: Retirement benefit accrued to date of termination as in (1) above. Benefits commence at normal retirement date or, if member has 15 or more years of service, as early as age 50 with benefits reduced as described in (2) above. If member delays commencement beyond normal retirement date, the benefit shall be increased as described in (3) above.

(e) Vesting

A participant becomes 100% vested in his or her accrued benefits upon completion of five years of credited service.

Upon termination of employment, vested participants are entitled to plan benefits computed in the same manner as normal retirement benefits.

(f) Plan Termination

The Board has the right to terminate the Plan. Upon plan termination, all funds shall be used to pay participants their retirement income accrued, to the extent funded, as of the date of termination of the Plan. Information regarding vesting benefits provisions and the priority order of the participants' claims upon plan termination may be found in the plan document.

(g) Plan Membership

As of December 31, 2023 and 2022, the number of benefit recipients and members in the Plan consisted of the following:

	2023	2022
Inactive Plan members or beneficiaries currently receiving benefits	32	32
Inactive Plan members entitled to but not yet receiving benefits	16	16
Active Plan members	7	8
Total	55	56

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements were prepared in accordance with U.S. generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB). The Plan is presented as a fiduciary fund utilizing the accrual basis of accounting where the measurement focus is on the flow of economic resources. Employee and employer contributions are recognized as additions in the period in which they are due and administrative expenses are recognized in the period they are incurred. Investment income is recognized when earned and benefit payments and refunds are recognized when due and payable.

**BOARD OF DIRECTORS OF CITY TRUSTS
CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results may differ from those estimates and assumptions.

(c) Deposits

All of the Plan's deposits are insured by the Federal Deposit Insurance Corporation ("FDIC") (subject to the FDIC limit or \$250,000 per plan per member). However, the Plan's cash balances can exceed FDIC insured limits. As of December 31, 2023, cash in the bank amounted to \$99,069 of which all was insured. As of December 31, 2022, cash in the bank amounted to \$349,847 of which \$99,847 was uninsured.

(d) Valuation of Investment in Collective Legal Investment Fund

The Plan's investment policy is to invest in the Collective Legal Investment Fund (CLIF), which was created by the Board to pool for investment management purposes the collective assets of the trusts it manages, including certain assets of the Plan. The CLIF is an external investment pool, as defined by the GASB, and is not registered with the Securities and Exchange Commission, but is subject to oversight by the Board. The CLIF issues separately available audited financial statements.

Investment in CLIF is measured using net asset value (NAV) per share as a practical expedient to fair value.

(e) Accrued Expenses

Accrued expenses are comprised of amounts primarily representing accruals for professional fees.

(3) Investments

The Board acts as the investment advisor to the Plan. The Plan's investment policy addresses governing provisions and guidelines for the investment process and is approved by the Board. The Plan's investment policy is to invest in the CLIF, which is a balanced portfolio, primarily comprising equity securities, fixed income funds, short-term investments, real estate investments, and alternative investments held in private equity investments. The Plan has no restrictions on withdrawals from the CLIF.

**BOARD OF DIRECTORS OF CITY TRUSTS
CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

(4) Net Pension Asset

The components of the net pension asset of the employer at December 31, 2023 and 2022 were as follows:

	2023	2022
Total pension liability	\$ 4,867,934	4,742,986
Plan fiduciary net position	<u>9,029,202</u>	<u>7,842,827</u>
Net pension asset	<u>\$ (4,161,268)</u>	<u>(3,099,841)</u>
Plan fiduciary net position as a percentage of the total pension liability	185.48 %	165.36 %

(a) Actuarial Assumptions

The total pension liability for 2023 and 2022 was determined by an actuarial valuation as of January 1, 2023 and 2022, respectively, rolled forward to December 31, 2023 and 2022, respectively, using the following actuarial assumptions, applied to all periods included in the measurement:

Projected salary increases	3.0% compounded annually
Investment rate of return	7.5% per annum, compounded annually, net of investment expenses
Inflation adjustment	3.0% compounded annually
Mortality	PRI-2012 Amount Weighted Mortality Table with 2021 MP generational scale

The actuarial assumptions used in the January 1, 2023 and 2022 valuations were based on the results of an actuarial experience study for the period January 1, 2011–December 31, 2020.

(b) Expected Rate of Return on Investments

The long-term expected rate of return on the Plan's investment in the CLIF was determined using a building block method in which the best estimate ranges of expected real rates of return (i.e., expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected real rates of return by the target asset allocation percentage and by adding expected inflation.

**BOARD OF DIRECTORS OF CITY TRUSTS
CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

The target asset allocation and best estimates of real rates of return for each major asset class of the CLIF are summarized in the following table as of December 31, 2023 and 2022:

Asset class	2023 and 2022 Target asset allocation	2023 Range of Long-term expected real rate of return	2022 Range of Long-term expected real rate of return
Domestic equity	50 %	5.5% to 6.5%	5.5% to 6.5%
International equity	10	5.5 to 6.5	5.6 to 6.6
Fixed income	30	2.0 to 3.5	2.0 to 3.5
Real estate/alternative	10	4.5 to 5.5	4.5 to 5.5
Total	<u>100 %</u>		

For the years ended December 31, 2023 and 2022, the Plan's money weighted-rate of return, net of investment expenses, was 17.91% and (13.97%), respectively.

(c) Discount Rate

The discount rate used to measure the total pension liability was 7.5% in 2023 and 2022. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the rates applicable to each member and that employer contributions will be made at rates as determined by the actuary. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and non-active members. Therefore, the long-term expected rate of return on the Plan's investments was applied to all periods of projected benefit payments to determine the total pension liability.

(d) Sensitivity of Net Pension Asset to Changes in the Discount Rate

The following presents the net pension asset of the employer calculated using the discount rate of 7.5%, as well as what the employer's net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	2023		
	1% Decrease 6.5 %	Discount rate 7.5 %	1% Increase 8.5 %
Net pension asset	\$ (3,509,030)	(4,161,268)	(4,701,702)
2022			
	1% Decrease 6.5 %	Discount rate 7.5 %	1% Increase 8.5 %
Net pension asset	\$ (2,436,127)	(3,099,841)	(3,644,207)

Independent Auditors' Report

The Members of the Board
Board of Directors of City Trusts:

Opinion

We have audited the financial statements of the Board of Directors of City Trusts Girard Non-Contributory Retirement Plan (the Plan), a component unit of the Estate of Stephen Girard, Deceased, as of and for the years ended December 31, 2023 and 2022, and the related notes to the financial statements, which comprise the Plan's basic financial statements for the years then ended as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the fiduciary net position of the Plan as of December 31, 2023 and 2022, and the changes in fiduciary net position for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis and the required supplementary information in schedules 1 through 3 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

The following discussion and analysis of the Board of Directors of City Trusts Girard Non-Contributory Retirement Plan, a component unit of the Estate of Stephen Girard, Deceased, ("Plan") provides an overview of the financial activities of the Plan for the years ended December 31, 2023 and 2022.

The information contained within this Management's Discussion and Analysis is only a component of the entire financial statement report. Readers should take time to read and evaluate all sections of the report, including the Notes to the Financial Statements that is provided in addition to this Management's Discussion and Analysis.

The Plan is a single-employer defined benefit plan for certain employees of the Estate of Stephen Girard, Deceased of the Board of Directors of City Trusts acting for the City of Philadelphia, Trustee (the "Board"). The Plan covers Girard Estate and Girard College non-union employees, hired prior to September 1, 2010, and certain union employees, hired prior to September 16, 2019, who have completed one year of service regardless of age and certain union employees under union contracts that provide for participation.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction into the Plan's financial statements. The Plan is considered a fiduciary fund in accordance with governmental accounting standards. Fiduciary funds are used to account for resources held for the benefit of parties outside a government. The Plan's financial statements comprise the statements of fiduciary net position, statements of changes in fiduciary net position, notes to the financial statements, and required supplementary information.

Statements of Fiduciary Net Position

These statements for the years ended December 31, 2023 and 2022, are used to account for resources held in a trustee or agency capacity for others and are not available for the support of any government programs. These statements present the total assets held less any liabilities to report the net position restricted for pension benefits for the Plan. Investments are shown at fair value and all other assets and liabilities are determined on an accrual basis.

Statements of Changes in Fiduciary Net Position

These statements present the results of activities during the years ended December 31, 2023 and 2022. Activities include additions of employer contributions, investment income, net appreciation of investments, and deductions including benefit payments and administrative expenses to determine the change in net position restricted for pension benefits for the year.

Notes to the Financial Statements

The notes to the financial statements are an integral part of the financial statements providing additional detail that is essential to a full understanding of the financial statements.

Required Supplementary Information

This information is not audited and includes management's discussion and analysis (this section), a schedule of changes in the employer's net pension asset and related ratios, a schedule of employer contributions, a schedule of investment returns, and the notes to required supplementary information.

**BOARD OF DIRECTORS OF CITY TRUSTS
GIRARD NON-CONTRIBUTORY RETIREMENT PLAN**

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

Financial Highlights

The Plan's net position restricted for pension benefits increased approximately \$6.5 million (14%) in 2023 compared to a decrease of approximately \$8.4 million (16%) in 2022. The increase in net position in 2023 and the decrease in net position in 2022 are a result of favorable and unfavorable market conditions, respectively, on the Plan's investments.

In 2022 the Plan's net position restricted for pension benefits decreased approximately \$8.4 million (16%) compared to an increase of approximately \$6.9 million (15%) in 2021. The decrease was primarily due to unfavorable market conditions and fluctuations of investment returns.

Condensed Financial Information

The following schedule is a summary of the December 31, 2023 and 2022 Statements of Fiduciary Net Position with comparative information as of December 31, 2021:

Fiduciary Net Position

	2023	2022	2021
Investments	\$ 50,916,059	44,766,221	53,032,307
Net other assets and liabilities	648,794	288,416	382,414
Net position restricted for pension benefits	\$ <u>51,564,853</u>	<u>45,054,637</u>	<u>53,414,721</u>

During the year ended December 31, 2023 the various stock market indices experienced increases which had a direct impact on the Plan's investments which increased by approximately \$6.1 million (14%) compared to 2022. However, for the year ended December 31, 2022, the market indices were unfavorable which decreased the Plan's investments by approximately \$8.3 million (16%) compared to 2021.

**BOARD OF DIRECTORS OF CITY TRUSTS
GIRARD NON-CONTRIBUTORY RETIREMENT PLAN**

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

The following schedule is a summary of the Statements of Changes in Fiduciary Net Position for the years ended December 31, 2023 and 2022 with comparative information for the year ended December 31, 2021:

Changes in Fiduciary Net Position

	2023	2022	2021
Additions:			
Contributions	\$ 570,000	1,140,000	1,140,000
Net investment income (loss)	<u>7,993,970</u>	<u>(7,483,680)</u>	<u>7,542,470</u>
Total additions	<u>8,563,970</u>	<u>(6,343,680)</u>	<u>8,682,470</u>
Deductions:			
Benefit payments, including return of employee contributions	1,979,724	1,915,348	1,744,323
Administrative expenses	<u>74,030</u>	<u>101,056</u>	<u>63,746</u>
Total deductions	<u>2,053,754</u>	<u>2,016,404</u>	<u>1,808,069</u>
Increase (decrease) in net position restricted for pension benefits	\$ <u>6,510,216</u>	<u>(8,360,084)</u>	<u>6,874,401</u>

Due to favorable market conditions, net investment income (loss) increased approximately \$15.5 million in 2023 compared to 2022. Contributions during 2023 decreased approximately \$570,000 (50%) compared to 2022 due to the reduction of the Plan's actuarially required employer contribution for 2023.

Due to unfavorable market conditions, net investment (loss) income decreased approximately \$15.0 million in 2022 compared to 2021. Contributions during 2022 remained flat at approximately \$1.1 million compared to 2021.

In 2023 benefit payments increased approximately \$64,400 (3%) due from a full year of benefit payments made to new plan members receiving benefits during 2022. In 2022 benefit payments increased by approximately \$171,000 (10%) due to an increase of 19 plan members receiving benefits compared to 2021. Administrative expenses decreased in 2023 by approximately \$27,000 (27%) and increased in 2022 by approximately \$37,300 (58%) due to audit and consultant fees related to the change in presentation and preparation of the financial statements which occurred in 2022.

Plan Investments

The Plan's investment policy is to invest in the Collective Legal Investment Fund (CLIF) which was created by the Board to pool for investment management purposes the collective assets of the trusts it manages, including certain assets of this Plan, the Estate of Stephen Girard, Deceased, Wills Eye Hospital, two other retirement plans of the Board, and the 117 smaller trusts. The CLIF is a balanced portfolio primarily comprising equity securities, fixed income funds, short-term investments, real estate investments, and alternative investments held in private equity investments. All of the Plan's investments are held in the CLIF. As of December 31, 2023, 2022 and 2021, the Plan owned 346,984 units (approximately 8.0% of total CLIF units), 354,706 units (approximately 7.7% of total CLIF units), and 354,706 units (approximately 7.2% of total CLIF units) respectively.

**BOARD OF DIRECTORS OF CITY TRUSTS
GIRARD NON-CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

(a) General

The Board of Directors of City Trusts Girard Non-Contributory Retirement Plan (the Plan) is a single employer defined benefit plan for certain employees of the Estate of Stephen Girard, Deceased of the Board of Directors of City Trusts acting for the City of Philadelphia, Trustee (the Board). The Plan covers Girard Estate and Girard College non-union employees, hired prior to September 1, 2010, and certain union employees, hired prior to September 16, 2019, who have completed one year of service regardless of age and certain union employees under union contracts that provide for participation. Other union employees are eligible for coverage under a contributory plan. All administrative expenses are paid out of plan assets. Participants should refer to the plan document for more complete information.

(b) Board of Directors

The Board of Directors are appointed by the Judges of Courts of Common Pleas of Philadelphia and consists of fourteen members of which twelve have voting rights.

(c) Funding Policy

The Board contributes amounts as necessary to provide the Plan with sufficient assets to meet the benefits to be paid to plan members, based upon amounts recommended by the Plan's actuary. Such amounts are determined in accordance with the projected unit credit actuarial cost method.

(d) Benefits

Plan participants who have attained age 65 are entitled to receive retirement benefits payable during their lifetime on the first day of each month following their retirement or termination of employment. Early retirement and survivor benefits are also available to participants.

Benefits are based on salary and years of service. Early retirement benefits are calculated by discounting the normal retirement benefit by an early retirement factor.

(1) Normal Retirement Benefit, with an effective date of May 1, 1975; except for union employees where the effective date shall be the effective date of the union contract in which the plan participant is first included (effective date), includes:

- (i) Accrued Benefit: The annual accrued benefit credited in the prior Contributory Plan as of the effective date of this Plan, if any, plus
- (ii) Past Service Benefit: 1% of annual pay on the effective date multiplied by years of service to the effective date, provided the members had not attained age 65 on the effective date, plus
- (iii) Future Service Benefit: 1.5% (2% for non-union employees) of final 5-year average pay multiplied by years of service from date of participation to retirement.

Monthly retirement income shall not exceed 50% of final monthly base pay.

**BOARD OF DIRECTORS OF CITY TRUSTS
GIRARD NON-CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

- (2) Early Retirement Benefit: Income accrued to early retirement date as in (1) above, reduced 1/3 of 1% for each month by which the benefit commencement date preceded Normal Retirement Date.
- (3) Deferred Vested Income: Income accrued to date of termination as in (1) above. Benefits commence at Normal Retirement Date or, if member has 15 or more years of service, as early as age 50 with benefits reduced as described in (2) above.

(e) Vesting

A participant becomes 100% vested in his or her accrued benefits upon completion of five years of credited service.

Upon termination of employment, the amount of benefit that a vested participant is entitled to under the Plan will be computed based on years of membership service and average monthly salary at the time of termination.

(f) Plan Termination

The Board has the right to terminate the Plan. Upon plan termination, all funds shall be used to pay participants their retirement income accrued, to the extent funded, as of the date of termination of the Plan. Information regarding vesting benefits provisions and the priority order of the participants' claims upon plan termination may be found in the plan document.

(g) Plan Membership

As of December 31, 2023 and 2022, the number of benefit recipients and members in the Plan consisted of the following:

	2023	2022
Inactive Plan members or beneficiaries currently receiving benefits	152	154
Inactive Plan members entitled to but not yet receiving benefits	119	123
Active Plan members	49	53
Total	320	330

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements were prepared in accordance with U.S. generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB).

The Plan is presented as a fiduciary fund utilizing the accrual basis of accounting where the measurement focus is on the flow of economic resources. Employer contributions are recognized as additions in the period in which they are due and administrative expenses are recognized in the period they are incurred. Investment income is recognized when earned and benefit payments and refunds are recognized when due and payable.

**BOARD OF DIRECTORS OF CITY TRUSTS
GIRARD NON-CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results may differ from those estimates and assumptions.

(c) Deposits

All of the Plan's deposits are insured by the Federal Deposit Insurance Corporation ("FDIC") (subject to the FDIC limit or \$250,000 per plan per member). As of December 31, 2023, cash in the bank amounted to \$423,701 of which \$173,701 was uninsured. As of December 31, 2022, cash in the bank amounted to \$65,288 of which all was insured.

(d) Valuation of Investment in Collective Legal Investment Fund

The Plan's investment policy is to invest in the Collective Legal Investment Fund (CLIF), which was created by the Board to pool for investment management purposes the collective assets of the trusts it manages, including certain assets of the Plan. The CLIF is an external investment pool, as defined by the GASB, and is not registered with the Securities and Exchange Commission, but is subject to oversight by the Board. The CLIF issues separately available audited financial statements.

Investment in CLIF is measured using net asset value (NAV) per share as a practical expedient to fair value.

(e) Accrued Expenses

Accrued expenses are comprised of amounts primarily representing accruals for professional fees.

(3) Investments

The Board acts as the investment advisor to the Plan. The Plan's investment policy addresses governing provisions and guidelines for the investment process and is approved by the Board. The Plan's investment policy is to invest in the CLIF, which is a balanced portfolio, primarily comprising equity securities, fixed income funds, short-term investments, real estate investments, and alternative investments held in private equity investments. The Plan has no restrictions on withdrawals from the CLIF.

**BOARD OF DIRECTORS OF CITY TRUSTS
GIRARD NON-CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

(4) Net Pension Asset

The components of the net pension asset of the employer at December 31, 2023 and 2022 were as follows:

	2023	2022
Total pension liability	\$ 28,760,831	27,956,833
Plan fiduciary net position	<u>51,564,853</u>	<u>45,054,637</u>
Net pension asset	<u><u>\$ (22,804,022)</u></u>	<u><u>(17,097,804)</u></u>
Plan fiduciary net position as a percentage of the total pension liability	179.29 %	161.16 %

(a) Actuarial Assumptions

The total pension liability for 2023 and 2022 was determined by an actuarial valuation as of January 1, 2023 and 2022, respectively, rolled forward to December 31, 2023 and 2022, respectively, using the following actuarial assumptions, applied to all periods included in the measurement:

Projected salary increases	3.0% compounded annually
Investment rate of return	7.5% per annum, compounded annually, net of investment expenses
Inflation adjustment	3.0% compounded annually
Mortality	PRI-2012 Amount Weighted Mortality Table with 2021 MP generational scale

The actuarial assumptions used in the January 1, 2023 and 2022 valuations were based on the results of an actuarial experience study for the period January 1, 2011–December 31, 2020.

(b) Expected Rate of Return on Investments

The long-term expected rate of return on the Plan's investment in the CLIF was determined using a building block method in which the best estimate ranges of expected real rates of return (i.e., expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected real rates of return by the target asset allocation percentage and by adding expected inflation.

**BOARD OF DIRECTORS OF CITY TRUSTS
GIRARD NON-CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

The target asset allocation and best estimates of real rates of return for each major asset class of the CLIF are summarized in the following table as of December 31, 2023 and 2022:

Asset class	2023 and 2022 Target asset allocation	2023 Range of long-term expected real rate of return	2022 Range of long-term expected real rate of return
Domestic equity	50 %	5.5% to 6.5%	5.5% to 6.5%
International equity	10	5.5 to 6.5	5.6 to 6.6
Fixed income	30	2.0 to 3.5	2.0 to 3.5
Real estate / alternative	10	4.5 to 5.5	4.5 to 5.5
Total	<u>100 %</u>		

For the years ended December 31, 2023 and 2022, the Plan's money weighted-rate of return, net of investment expenses, was 18.28% and (14.34%), respectively.

(c) Discount Rate

The discount rate used to measure the total pension liability was 7.5% in 2023 and 2022. The projection of cash flows used to determine the discount rate assumes that employer contributions will be made at rates as determined by the actuary. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and non-active members. Therefore, the long-term expected rate of return on the Plan's investments was applied to all periods of projected benefit payments to determine the total pension liability.

(d) Sensitivity of Net Pension Asset to Changes in the Discount Rate

The following presents the net pension asset of the employer calculated using the discount rate of 7.5%, as well as what the employer's net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	2023		
	1% Decrease 6.5%	Discount rate 7.5%	1% Increase 8.5%
Net pension asset	\$ (19,694,958)	(22,804,022)	(25,414,356)
	2022		
	1% Decrease 6.5%	Discount rate 7.5%	1% Increase 8.5%
Net pension asset	\$ (13,518,695)	(17,097,804)	(20,262,394)

Independent Auditors' Report

The Members of the Board
Board of Directors of City Trusts:

Opinion

We have audited the financial statements of the Board of Directors of City Trusts Wills Eye Health System Non-Contributory Retirement Plan (the Plan), a component unit of Wills Eye Hospital, as of and for the years ended December 31, 2023 and 2022, and the related notes to the financial statements, which comprise the Plan's basic financial statements for the years then ended as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the fiduciary net position of the Plan as of December 31, 2023 and 2022, and the changes in fiduciary net position for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis and the required supplementary information in schedules 1 through 3 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

The following discussion and analysis of the Board of Directors of City Trusts Wills Eye Health System Non-Contributory Retirement Plan, a component unit of Wills Eye Hospital, ("Plan") provides an overview of the financial activities of the Plan for the years ended December 31, 2023 and 2022.

The information contained within this Management's Discussion and Analysis is only a component of the entire financial statement report. Readers should take time to read and evaluate all sections of the report, including the Notes to the Financial Statements that is provided in addition to this Management's Discussion and Analysis.

The Plan is a single-employer defined benefit plan for certain employees of the Board of Directors of City Trusts acting for the City of Philadelphia, Trustee (the "Board"). The Plan covers Wills Eye Health System nonunion employees, hired prior to September 10, 2010, who have completed one year of service regardless of age and certain union employees under union contracts that provide for participation.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction into the Plan's financial statements. The Plan is considered a fiduciary fund in accordance with governmental accounting standards. Fiduciary funds are used to account for resources held for the benefit of parties outside a government. The Plan's financial statements comprise the statements of fiduciary net position, statements of changes in fiduciary net position, notes to the financial statements, and required supplementary information.

Statements of Fiduciary Net Position

These statements for the years ended December 31, 2023 and 2022, are used to account for resources held in a trustee or agency capacity for others and are not available for the support of any government programs. These statements present the total assets held less any liabilities to report the net position restricted for pension benefits for the Plan. Investments are shown at fair value and all other assets and liabilities are determined on an accrual basis.

Statements of Changes in Fiduciary Net Position

These statements present the results of activities during the years ended December 31, 2023 and 2022. Activities include additions of employer contributions, investment income, net appreciation of investments, and deductions including benefit payments and administrative expenses to determine the change in net position restricted for pension benefits for the year.

Notes to the Financial Statements

The notes to the financial statements are an integral part of the financial statements providing additional detail that is essential to a full understanding of the financial statements.

Required Supplementary Information

This information is not audited and includes management's discussion and analysis (this section), a schedule of changes in the employer's net pension asset and related ratios, a schedule of employer contributions, a schedule of investment returns, and the notes to required supplementary information.

WILLS EYE HEALTH SYSTEM
NON-CONTRIBUTORY RETIREMENT PLAN**

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

Financial Highlights

The Plan's net position restricted for pension benefits increased approximately \$4.9 million (13%) in 2023 compared to a decrease of approximately \$7.7 million (17%) in 2022. The increase in net position in 2023 and the decrease in net position in 2022 are a result of favorable and unfavorable market conditions, respectively, on the Plan's investments.

In 2022 the Plan's net position restricted for pension benefits decreased \$7.7 million (17%) compared to an increase of approximately \$5.2 million (13%) in 2021. The decrease was primarily due to unfavorable market conditions and fluctuations of investment returns.

Condensed Financial Information

The following schedule is a summary of the December 31, 2023 and 2022 Statements of Fiduciary Net Position with comparative information as of December 31, 2021:

Fiduciary Net Position

	2023	2022	2021
Investments	\$ 42,425,745	37,515,149	45,473,350
Net other assets and liabilities	713,316	698,023	429,382
Net position restricted for pension benefits	<u>\$ 43,139,061</u>	<u>38,213,172</u>	<u>45,902,732</u>

During the year ended December 31, 2023 the various stock market indices experienced increases which had a direct impact on the Plan's investments which increased by approximately \$4.9 million (13%) compared to 2022. However, for the year ended December 31, 2022, the market indices were unfavorable which decreased the Plan's investments by approximately \$8.0 million (17%) compared to 2021.

Management's Discussion and Analysis (Unaudited)

December 31, 2023 and 2022

The following schedule is a summary of the Statements of Changes in Fiduciary Net Position for the years ended December 31, 2023 and 2022 with comparative information for the year ended December 31, 2021:

Changes in Fiduciary Net Position

	2023	2022	2021
Additions:			
Contributions	\$ 1,000,000	1,500,000	1,500,000
Net investment income (loss)	<u>6,665,688</u>	<u>(6,397,394)</u>	<u>6,524,205</u>
Total additions	<u>7,665,688</u>	<u>(4,897,394)</u>	<u>8,024,205</u>
Deductions:			
Benefit payments, including return of employee contributions	\$ 2,656,280	2,688,397	2,703,821
Administrative expenses	<u>83,519</u>	<u>103,769</u>	<u>74,814</u>
Total deductions	<u>2,739,799</u>	<u>2,792,166</u>	<u>2,778,635</u>
Increase (decrease) in net position restricted for pension benefits	<u>\$ 4,925,889</u>	<u>(7,689,560)</u>	<u>5,245,570</u>

Due to favorable market conditions, net investment income (loss) increased approximately \$13.1 million in 2023 compared to 2022. Contributions during 2023 decreased \$500,000 compared to 2022 due to the reduction of the Plan's actuarially required employer contribution for 2023.

Due to unfavorable market conditions in 2022 net investment income (loss) decreased approximately \$13.0 million compared to 2021 while employer contributions remained flat.

In 2023 benefit payments remained relatively flat with a slight decrease compared to 2022 and the same results for 2022 when compared to 2021. Administrative expenses decreased by approximately \$20,300 (20%) and increased in 2022 by approximately \$29,000 (39%) due to audit and consultant fees related to the change in presentation and preparation of the financial statements which occurred in 2022.

Plan Investments

The Plan's investment policy is to invest in the Collective Legal Investment Fund (CLIF) which was created by the Board to pool for investment management purposes the collective assets of the trusts it manages, including certain assets of this Plan, the Estate of Stephen Girard, Deceased, Wills Eye Hospital, two other retirement plans of the Board, and the 117 smaller trusts. The CLIF is a balanced portfolio primarily comprising equity securities, fixed income funds, short-term investments, real estate investments, and alternative investments held in private equity investments. All of the Plan's investments are held in the CLIF. As of December 31, 2023, 2022 and 2021, the Plan owned 289,124 units (approximately 6.6% of total CLIF units), 297,252 units (approximately 6.5% of total CLIF units), and 304,148 units (approximately 6.2% of total CLIF units) respectively.

**BOARD OF DIRECTORS OF CITY TRUSTS
WILLS EYE HEALTH SYSTEM
NON-CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

(a) General

The Board of Directors of City Trusts Wills Eye Health System Non-Contributory Retirement Plan (the Plan) is a single employer defined benefit plan for certain employees of the Board of Directors of City Trusts acting for the City of Philadelphia, Trustee (the Board). The Plan covers Wills Eye Health System nonunion employees, hired prior to September 10, 2010, who have completed one year of service regardless of age and certain union employees under union contracts that provide for participation. All administrative expenses are paid out of plan assets. Participants should refer to the plan document for more complete information.

(b) Board of Directors

The Board of Directors are appointed by the Judges of Courts of Common Pleas of Philadelphia and consists of fourteen members of which twelve have voting rights.

(c) Funding Policy

The Board contributes amounts as necessary to provide the Plan with sufficient assets to meet the benefits to be paid to plan members, based upon amounts recommended by the Plan's actuary. Such amounts are determined in accordance with the projected unit credit actuarial cost method.

(d) Benefits

Plan participants who have attained age 65 are entitled to receive retirement benefits payable during their lifetime on the first day of each month following their retirement or termination of employment. Early retirement and survivor benefits are also available to participants.

Benefits are based on salary and years of service. Early retirement benefits are calculated by discounting the normal retirement benefit by an early retirement factor.

(1) Normal Retirement Benefit, with an effective date of May 1, 1975; except for union employees where the effective date shall be the effective date of the union contract in which the plan participant is first included (effective date), includes:

- (i) Accrued Benefit: The annual accrued benefit credited in the prior Contributory Plan as of the effective date of this Plan, if any, plus
- (ii) Past Service Benefit: 1% of annual pay on the effective date multiplied by years of service to the effective date, provided the members had not attained age 65 on the effective date, plus
- (iii) Future Service Benefit: 1.5% of final 5-year average pay multiplied by years of service from date of participation to retirement.

For non-union employees, 2.0% of final 5-year average pay multiplied by years of service from date of participation to retirement.

**BOARD OF DIRECTORS OF CITY TRUSTS
WILLS EYE HEALTH SYSTEM
NON-CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

Monthly retirement income shall not exceed 50% of final monthly base pay and shall not be less than \$200 per month (as a single life annuity).

- (2) Early Retirement Benefit: Income accrued to early retirement date as in (1) above, reduced 1/3 of 1% for each month by which the benefit commencement date preceded Normal Retirement Date.
- (3) Deferred Vested Income: Income accrued to date of termination as in (1) above. Benefits commence at Normal Retirement Date or, if member has 15 or more years of service, as early as age 50 with benefits reduced as described in (2) above.

(e) Vesting

A participant becomes 100% vested in his or her accrued benefits upon completion of five years of credited service.

Upon termination of employment, the amount of benefit that a vested participant is entitled to under the Plan will be computed based on years of membership service and average monthly salary at the time of termination.

(f) Plan Termination

The Board has the right to terminate the Plan. Upon plan termination, all funds shall be used to pay participants their retirement income accrued, to the extent funded, as of the date of termination of the Plan. Information regarding vesting benefits provisions and the priority order of the participants' claims upon plan termination may be found in the plan document.

(g) Plan Membership

As of December 31, 2023 and 2022, the number of benefit recipients and members in the Plan consisted of the following:

	2023	2022
Inactive Plan members or beneficiaries currently receiving benefits	271	269
Inactive Plan members entitled to but not yet receiving benefits	133	141
Active Plan members	12	15
Total	416	425

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements were prepared in accordance with U.S. generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB).

The Plan is presented as a fiduciary fund utilizing the accrual basis of accounting where the measurement focus is on the flow of economic resources. Employer contributions are recognized as

**BOARD OF DIRECTORS OF CITY TRUSTS
WILLS EYE HEALTH SYSTEM
NON-CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

additions in the period in which they are due and administrative expenses are recognized in the period they are incurred. Investment income is recognized when earned and benefit payments and refunds are recognized when due and payable.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results may differ from those estimates and assumptions.

(c) Deposits

All of the Plan's deposits are insured by the Federal Deposit Insurance Corporation ("FDIC") (subject to the FDIC limit or \$250,000 per plan per member). However, the Plan's cash balances can exceed FDIC insured limits. As of December 31, 2023 and 2022, cash in the bank amounted to \$534,804 and \$517,565, respectively, of which \$284,804 and \$267,565, respectively, was uninsured.

(d) Valuation of Investment in Collective Legal Investment Fund

The Plan's investment policy is to invest in the Collective Legal Investment Fund (CLIF), which was created by the Board to pool for investment management purposes the collective assets of the trusts it manages, including certain assets of the Plan. The CLIF is an external investment pool, as defined by the GASB, and is not registered with the Securities and Exchange Commission, but is subject to oversight by the Board. The CLIF issues separately available audited financial statements.

Investment in CLIF is measured using net asset value (NAV) per share as a practical expedient to fair value.

(e) Accrued Expenses

Accrued expenses are comprised of amounts primarily representing accruals for professional fees.

(3) Investments

The Board acts as the investment advisor to the Plan. The Plan's investment policy addresses governing provisions and guidelines for the investment process and is approved by the Board. The Plan's investment policy is to invest in the CLIF, which is a balanced portfolio, primarily comprising equity securities, fixed income funds, short-term investments, real estate investments, and alternative investments held in private equity investments. The Plan has no restrictions on withdrawals from the CLIF.

**BOARD OF DIRECTORS OF CITY TRUSTS
WILLS EYE HEALTH SYSTEM
NON-CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

(4) Net Pension Asset

The components of the net pension asset of the employer at December 31, 2023 and 2022 were as follows:

	2023	2022
Total pension liability	\$ 36,857,082	37,534,283
Plan fiduciary net position	<u>43,139,061</u>	<u>38,213,172</u>
Net pension asset	<u><u>\$ (6,281,979)</u></u>	<u><u>(678,889)</u></u>
Plan fiduciary net position as a percentage of the total pension liability	117.04 %	101.81 %

(a) Actuarial Assumptions

The total pension liability for 2023 and 2022 was determined by an actuarial valuation as of January 1, 2023 and 2022, respectively, rolled forward to December 31, 2023 and 2022, respectively, using the following actuarial assumptions, applied to all periods included in the measurement:

Projected salary increases	3.0% compounded annually
Investment rate of return	7.5% per annum, compounded annually, net of investment expenses
Inflation adjustment	3.0% compounded annually
Mortality	PRI-2012 Amount Weighted Mortality Table with 2021 MP generational scale

The actuarial assumptions used in the January 1, 2023 and 2022 valuations were based on the results of an actuarial experience study for the period January 1, 2011–December 31, 2020.

(b) Expected Rate of Return on Investments

The long-term expected rate of return on the Plan's investment in the CLIF was determined using a building block method in which the best estimate ranges of expected real rates of return (i.e., expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected real rates of return by the target asset allocation percentage and by adding expected inflation.

**BOARD OF DIRECTORS OF CITY TRUSTS
WILLS EYE HEALTH SYSTEM
NON-CONTRIBUTORY RETIREMENT PLAN**

Notes to Basic Financial Statements

December 31, 2023 and 2022

The target asset allocation and best estimates of real rates of return for each major asset class of the CLIF are summarized in the following table as of December 31, 2023 and 2022:

Asset class	2023 and 2022 Target asset allocation	2023 Range of Long-term expected real rate of return	2022 Range of Long-term expected real rate of return
Domestic equity	50 %	5.5% to 6.5%	5.5% to 6.5%
International equity	10	5.5 to 6.5	5.6 to 6.6
Fixed income	30	2.0 to 3.5	2.0 to 3.5
Real estate / alternative	10	4.5 to 5.5	4.5 to 5.5
Total	<u>100 %</u>		

For the years ended December 31, 2023 and 2022, the Plan's money weighted-rate of return, net of investment expenses, was 18.07% and (14.34%), respectively.

(c) Discount Rate

The discount rate used to measure the total pension liability was 7.5% in 2023 and 2022. The projection of cash flows used to determine the discount rate assumes that employer contributions will be made at rates as determined by the actuary. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and non-active members. Therefore, the long-term expected rate of return on the Plan's investments was applied to all periods of projected benefit payments to determine the total pension liability.

(d) Sensitivity of Net Pension Asset to Changes in the Discount Rate

The following presents the net pension asset of the employer calculated using the discount rate of 7.5%, as well as what the employer's net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	2023		
	1% Decrease 6.5%	Discount rate 7.5%	1% Increase 8.5%
Net pension asset	\$ (3,429,419)	(6,281,979)	(8,777,205)
2022			
	1% Decrease 6.5%	Discount rate 7.5%	1% Increase 8.5%
	\$ 3,112,728	(678,889)	(4,122,420)
